## CAMPAIGN STARTED TO INDUCE DEVELOPMENT IN MILAM COUNTY OIL FIELD BY COMMERCIAL CLUB

### Thomason for Governor Club Is Organized

Friends and supporters of Robert Ewing Thomason of El Paso, speaker of the House of Representatives, and candidate for Governor of Texas, have completed a campaign organization in Milam county to promote the candidacy of the speaker who is scheduled to speak in Cameron within the next two weeks.

The meeting to perfect the organization was held in the Auditorium Hotel Wednesday afternoon with a fair representation from the friends of Mr. Thomason.

Giles L. Averiet was unanimously elected chairman of the organization. He was instructed to appoint an executive committee.

Immediately after the organization of the campaign committee plans were discussed for conducting an active campaign in Milam county in the interest of Mr. Thomason. It was also decided to arrange an early speaking date for the El Paso speaker in Cameron. Mr. Thomason has assured his friends here that he will visit Cameron within the next two weeks or sooner if possible. It will be the first appearance of Mr. Thomason speaking in the interest of his candidacy for governor in Milam county.

Chairman Averiet immediately after the adjournment of the meeting forwarded a telegram to Mr. Thomason in Austin telling him of the organization and asking for a speaking date.

Mr. Thomason opened his campaign for Governor in his home town of Gainesville and in doing so laid down the broad challenge to Joseph Weldon Bailey for a contest in Cooke county to decide whether he or the ex-Senator would remain in the race for Governor. This challenge was not accepted by Mr. Bailey. Immediately after Mr. Thomason offered his services to the State Democratic committee and began an active campaign for the National Democratic Administration and the selection of delegates to the State Convention.

Mr. Thomason was one of the early legislative advocates of prohibition and woman's suffrage and is joint author of the famous zone bill which drove liquor and its evil influence from the great cantonment centers of Texas when America went to war and the necessity arose for a clean army and sober fighters.

Mr. Thomason has been signally honored by the people of El Paso county, having been elected without opposition from that county where the sentiment is against prohibition and suffrage, after he had framed the zone bill and openly championed the cause of suffrage. Mr. Thomason was elected to the speakership of the 36th Legislature and so popular and so efficiently has he presided that there has never yet been an appeal from his decisions.

The following is the executive committee appointed by Mr. Averiet: J. G. Vest, T. N. Herring, Oxsheer Smith, S. A. Cottle, R. L. Bette, Frank Lesovsky, J. C. Reese, D. Monroe, George T. Graves, J. B. White, Hilry Stedman, J. C. Joseph, Wm. R. Rogers, J. T. Parma, Dan Tyson, Hubert Hefley, Rush Thomason.

## ODD FELLOWS HOLD BUSY SESSIONS

### INITIATION OF CANDIDATES AND VISITING BRETHREN FEATURE MEETINGS

Milam County Odd Fellows are very active at this time in the initiation of candidates and the Cameron Lodge has been host to visiting brethren for the past month at regular weekly meetings.

The last of these meetings was held Thursday night of last week in which a large delegation from Rogers and Sharpe was present bringing two candidates each for the first degree. One candidate was supplied from Cameron Lodge and the total to take the first was five.

The Odd Fellows have issued a call for the meeting to be held tonight when Rogers and Sharpe will visit with this lodge and bring over four candidates for the second. Cameron will furnish one candidate for the second degree.

The degrees will be conferred by the Cameron degree team led by E. L. Tucker in the capacity of Noble Grand. Prominent on the team will be Roy Law and others.

After the meeting last Thursday night refreshments were served at the Tucker Confectionery.

Will T. Yates, noble grand elect of the Cameron lodge has issued an appeal to Cameron lodge members to be present at the meeting tonight and to assist in the degree work for the benefit of the visiting brethren.

With the view of inviting capital to Cameron oil fields and encouraging production by the construction of pipe lines from the Tracy field when production has reached sufficient quantities, the Cameron Commercial Club has voted an expenditure of money to be used in an advertising campaign in some of the big state papers and also some of the oil journals.

This action was taken at the last regular meeting of the club Thursday night following a proposal made by men interested in oil development in this county.

The club will take an active part in advertising the field to induce a greater development.

### BIRTHDAY CELEBRATION

On last Sunday at the home of Mr. and Mrs. Bob Terry the children and grandchildren of Mr. T. N. Lindsey gathered together to do honor to their beloved father on his 68th birthday.

The home was beautifully decorated with silver buckles and an auto horn.

On to form—in yellow and black was prominently placed in the dining room with: 18-1-1920 and "Daddy."

Each child and grandchild had prepared a gift of love and just before going in to dinner little Jack Collier, the youngest grandchild brought in a comfortable rocking chair, the gift of Mr. Lindsey's wife and daughter, Miss Grace, and after Mr. Lindsey was seated little Jack brought in a little wagon decorated in black and yellow, and filled with other presents: cuff buttons, silk socks, various ties, handkerchiefs, handsome belt with silver buckle and an auto horn.

Mr. Lindsey was so overcome with love and appreciation that tears rolled down his cheeks.

Dinner was announced and instead of the usual giving of thanks Mr. Lindsey thanked God for such a host of kind, thoughtful and loving children and grandchildren.

There was everything good to eat from chicken to ice cream and soda water.

The big white birthday cake had on it 68 yellow candles. Those present were: Mr. Dennis Lindsey, brother of Mr. Lindsey, Mr. and Mrs. Leslie Lindsey, Mr. and Mrs. Joe Lindsey and daughter, Jerry, Mr. and Mrs. Terry and two children, Mr. and Mrs. Collier, and four children, and as special guest, Mr. Jim Terry.

It was indeed a happy occasion. Would that many others would follow this sweet example.

The Herald and many friends wish for these good people many happy returns of the day.

### EPWORTH LEAGUE COUNCIL

This Council met Monday night with Miss Jewel Joslin.

The home was made attractive with white daisies and fern, and after all had assembled a business session was held. Their policy for the year was made out, financial budget made up for the year including forty dollars for the Kongo boat to be built for the use of the missionaries. After this a social hour was spent and light refreshments served.

### BIRTHDAY PARTY

On last Thursday afternoon at the home of her parents, Mr. and Mrs. Jack Ledbetter, Virginia celebrated her 5th birthday. Many of her little friends were there and they enjoyed games on the grass. Refreshments of ice cream and cake were served, after which came the cutting of the birthday cake.

With its five candles burning every one tried to blow them out. Little Callie Heath was the one to get the button. Then more games were played and every one said "they had a most pleasant time."

### NOW DRUGGIST AT GEORGE

A. THOMAS AND SONS STORE  
T. G. Griffin, a graduate of the Louisville, Kentucky, College of Pharmacy, has accepted a position with the George A. Thomas & Sons drug store in Cameron and will have charge of the prescription department.

Mr. Griffin is a native of Texas, and was reared in Blossom, Texas. He is an ex-service man, having been in the United States Navy during the world war.

Mr. James L. Powell, editor and publisher of the Burleson News, was in Cameron Monday visiting in the home of his sister, Mrs. Ed. L. Stuckler. Mr. Powell stopped over on his way home from the Texas Press Convention at Houston.

### NOTICE

The office of Dr. M. C. Sapp will be located in the Schiller Drug Store during the erection of the new First National Bank Building. Dr. Sapp will occupy modern suites of rooms in the new building when it is completed.

LOST—A twenty-dollar bill on the streets of Cameron last week. Finder will be rewarded for return to Herald Office.

Mrs. Ira Perry and little daughter are visiting this week with Mrs. Perry's parents, Mr. and Mrs. E. A. Wallace.

## EVANGELIST EVANS WILL LEAD REVIVAL AT BAPTIST CHURCH

MEETING WILL START IN CAMERON SUNDAY, JULY 4.—REYNOLDS WILL SING

What is expected will result in one of the most intensive evangelistic campaigns ever conducted in Milam county is the revival meeting which will begin at the First Baptist church in Cameron Sunday, July 4.

Evangelist Perry F. Evans of Fort Worth will assist the pastor, Rev. B. B. Blaylock in conducting the meeting. Singing Evangelists Mr. and Mrs. I. E. Reynolds will have charge of the music.

The services of Dr. Lee Scarborough, head of the Baptist Seminary, were secured several weeks ago, but on account of failing health at this time, Dr. Scarborough who started his ministry in Cameron and who is well known all over America, will not be able to conduct the meeting. Evangelist Perry F. Evans, who has been associated in evangelistical work with Dr. Lee Scarborough, was asked to conduct the meeting and has accepted the invitation.

Evangelist Evans is one of the greatest revivalists of his day and comes with the finest recommendations. He is not only a great Christian worker but a great speaker, and it is said that when he hurls his thunderbolt messages in the battle to make this world a better place in which to live, the devil gets out his steel helmet. Those who hear this evangelist will fall heir to a great revival treat; will hear a flaming message from a tongue of fire to sear the sins of a sinful age.

Rev. B. B. Blaylock, pastor of the church is now in Llano holding a revival meeting. He will return to Cameron in time to preach at the regular hours Sunday and Sunday night, and will be active in arranging for the opening of the revival meeting.

The meeting will be held on the lawn of the church. In a letter received here this week from Rev. B. B. Blaylock to Wm. Henderson, chairman of the publicity committee, the pastor says that adequate accommodation will be made for the convenience and comfort of the people attending the meeting.

An invitation is being extended to all religious faiths in the county to attend the meeting and the earnest co-operation of all those who will assist in the meeting is being asked.

A campaign of publicity was mapped out Tuesday afternoon by the committee appointed for publicity.

The meeting will in all probability be in progress for two weeks. It is expected that the church will be prepared by a series of special services for the coming revival.

### METHODIST CHURCH

The pastor will use as his subject Sunday morning at the Methodist Church "The Triangular Religion." A chorus of young people will lead for the first thirty minutes in the evening service in the singing of a number of popular songs after which the pastor will use as his subject one of the famous old hymns. The service will be one in which everyone can take a part and is calculated to be out of the ordinary.

The Sunday School meets at 9:45 a. m. and the Epworth League at 7 p. m.

### WOMAN'S AUXILIARY

The ladies of the Presbyterian church met Monday afternoon with a good attendance.

After a short business session Mrs. W. G. Gillis as leader took charge of an interesting program on "Foreign Industrial Schools," splendid paper on "Our School Work at Lavras," and "The Carrie McMillan Home" were read by Mesdames Dan Tyson, C. W. Lawrence and H. R. Ma Fadyen.

Mr. W. J. Bassett, of Temple, is a visitor in the home of his sister, Mrs. John Watson.

## Publishers Notice.

With the issue of Thursday, July 1, the subscription price of The Cameron Herald will be \$2 a year. The increase in the subscription price of The Herald is made necessary because of the unprecedented costs of production and the abnormal prices of print paper.

It is no longer possible to publish a paper for \$1.50 because of the conditions mentioned. The advance is long delayed, the management holding out to the last minute with the hope that conditions would become more normal and avert the necessity of increasing the price. However, many publications advanced early in 1919 and some have never been sold for less than the price to which we have advanced.

The management feels that this increase is negligible compared with the increased size and improvement made in The Herald as a newspaper publishing the news and maintaining a high standard of effort for the best interests of the territory it serves. We believe the subscription price ought never to have been lower than \$2 and that the public and our hundreds of readers will take the same view of this matter.

The management therefore gives due notice that after July 1 the subscription price will be \$2.

All subscription renewals up to July 1 can be made at the old price but will be limited to one year renewal.

All new subscriptions may be made at the old price to July 1 but will be limited to one year.

The publishers are facing a condition that is unparalleled in its seriousness. News print has advanced to 12 1-2 cents a pound with no relief in sight. And, it can hardly be obtained even at these fancy prices. Because of the unparalleled increase in circulation and the increased cost of production The Herald will advance its advertising rates on July 1. This increase is also justified by the same necessity which compels the management to advance the subscription price.

## Cooke Heads the Texas Press

### PAT NEFF TO SPEAK HERE MONDAY NIGHT

Pat M. Neff of Waco, candidate for Governor, will speak in Cameron at 8 p. m. Monday, June 21, in the interest of his candidacy for Governor. Mr. Neff will speak at a picnic in Davilla Monday at 2:30 p. m.

Announcement of the Cameron speaking date is made by O. L. Kidd member of the newly organized Neff Club and also by a statement for the press signed by Judd G. Davis who has been elected chairman of the Milam County Neff Executive Committee.

Mr. Neff has been in Cameron on several occasions and has made speeches here. He is actively engaged in promoting his candidacy for governor now that the presidential primary fight is over. Mr. Neff is a very forceful speaker and is entertaining.

The committee in charge of the speaking is making extensive preparation for the coming of Mr. Neff.

It is planned to push an active campaign all over the county for Mr. Neff and it is understood that organizations will be perfected in various sections of the county.

Following is the executive committee: Judd G. Davis, chairman, T. S. Henderson, B. P. Atkinson, U. S. Hearrell, E. A. Flinn, Roy Law, O. L. Kidd.

Mr. and Mrs. Tom Henderson, Jr. have returned from Austin where they attended Commencement and visited their sister, Mrs. Boyd Wells.

Dr. and Mrs. J. M. Gill spent one day last week in Cameron on their way to see their daughter graduate at the State University.

Dr. and Mrs. Jim Watson spent last week end with Mrs. Watson's mother, at Mooreville. The Dr. returned Monday but Mrs. Watson remained to attend their annual house party of all the children.

Miss Porter Stevens of Rockdale, spent Sunday with Mrs. J. W. Coleman.

Mrs. H. O. Harlow and little son, Howard, of Abilene are guests in the home of Mr. and Mrs. Tom Hamilton.

Little Misses Eloise Rogers, Martha Lou Hooks and Ruth Kemp returned last Saturday from a visit to their aunt, Mrs. Harkrider of Abilene.

Mr. and Mrs. Jeff Kemp and family are to leave Tuesday for a trip through Colorado in their Ford.

Miss Nina Carlton, of Temple, spent Sunday in Cameron visiting Mrs. Willie Davis.

Rev. Ira Key and family returned last Friday night from Galveston where they attended the Epworth League convention. Rev. Key reports an enthusiastic meeting and a delightful trip.

Miss Olive Henderson is away spending two weeks with her sister at Groesbeck. After that she will go to Waco to continue private lessons in violin.

Mr. and Mrs. Tom Henderson, Sr., went up to Waco Monday night to attend the Diamond Jubilee of Baylor University, of which Mr. Henderson was once a student.

Mrs. Robert McLane went to Waco Monday to be at the graduation exercises of her daughter, Miss Mary.

Mr. and Mrs. Smott and little daughter of Austin spent last week end with Mrs. Smoot's sister, Mrs. Andrew Freeman.

Miss Susie Luce of Oklahoma is in the city visiting friends.

Young men between the ages of 16 and 18 who meet the physical test and accompanied by the permission of their parents or guardians will be enlisted in the United States Army.

A telegram announcing this change in recruiting men for the army has been received by Sergt. MaJarvis, head of the local office in the federal building. This waives objection on account of age and will be received with pleasure by a number of young men here who, it is said, have been turned away on account of their age. Special advantages in a vocational way are being offered as an inducement for enlistment in the army.

Messrs. Kirby Hale and John Millstead of Gatesville were guests in the home of Mr. and Mrs. A. J. Akin last Thursday and Friday. Mr. Hale is a nephew of Mrs. Akin. The boys were on a pleasure trip in their Ford and from Cameron they went to Bartlett.

Mr. and Mrs. J. J. Holik, of Caldwell and Mr. and Mrs. C. H. Sugarek of Beeville, were the guests of their daughter and sister, Mrs. Frank Lesovsky.

Mr. T. N. Lindsey spent last Wednesday and Thursday in Waco on business.

Hon. W. A. Morrison spent the latter part of last week in Dallas.

Mr. and Mrs. W. H. Triggs motored to Georgetown to take in the commencement exercises. Their son, is among the graduates, of whom they are justly proud.

Rev. McClung of Little River Baptist church and a student at the Baylor University in Waco, preached at the Baptist church Sunday morning in the absence of Rev. B. B. Blaylock who is conducting a meeting at Llano. He went to Waco Monday to attend the Diamond Jubilee of the University.

Mr. and Mrs. Elbert Martin have returned to their home in Cameron after a visit of several days with relatives in Houston. Mr. Martin is an employee with the local postal system and was given a vacation.

Archie McLeran and wife went to Houston last Thursday and from there they will go to Louisiana to visit relatives. Mr. McLeran is a rural mail carrier at Jones Prairie and is given a vacation.

Miss Matula, from Austin Training School, is visiting in the home of her uncle, Mr. and Mrs. B. P. Matocha.

Miss Sudie Hamilton of Sinton is in the city visiting in the Jim Coleman home.

Mr. and Mrs. W. Klawansky went to Waco Sunday to take their daughter for an operation. Mr. K. returned Sunday night.

Mr. William Rogers made a business trip to Lott Wednesday.

Little Miss Bonnell Neinst is on the sick list, being slightly indisposed this week.

Mr. R. D. Brown made a business trip to Waco Tuesday.

We have a larger force and improved equipment and are able to give the quickest and best service in cleaning and pressing.—Collins & Mitchell.

## Rockdale Publisher is Honored by Houston Convention Texas Pressmen.

The great Texas Press Association, attended by more than three hundred delegates representing the publishing industry of Texas, closed one of the most successful meetings of its history in Houston last Saturday. It was in the nature of a home coming for the association which was organized in Houston nearly half a century ago.

John E. Cooke of Rockdale, publisher of the Rockdale Reporter, was unanimously elected president of the association. Mr. Cooke has served the association as vice-president and his elevation to the presidency comes as a well deserved honor in recognition of his services to the press of Texas and his own distinguished position as a newspaper editor and publisher.

Mr. Cooke was nominated from the floor of the convention as a publisher "whose efforts in behalf of the Texas press have written into its history many of the pronounced constructive achievements of the age." Mr. Cooke was not able to attend the convention owing to serious illness in his family and this unfortunate circumstance brought genuine regret to the hearts of all the Texas publishers.

Sam Fore, Jr., publisher of the Floresville Chronicle, is the retiring president, and in recognition of his splendid services the association presented him with a chest of silver.

Judd Mortimer Lewis, famous poet and now with the Houston Chronicle, was elected vice-president of the association. Mr. Lewis is loved by all Texas publishers and his efforts in behalf of the association has brought to him this well deserved compliment.

The association opened Thursday morning at nine o'clock in the ball room of the Rice Hotel. President Fore delivered his annual address. The association adjourned until Friday.

The delegates were guests of Senator Lynch Davidson now candidate for Lieutenant-Governor, in a cruise down the Houston ship channel, out to the Gulf and Sylvan Beach. Here the pressmen went ashore for lunch and were addressed by Senator Davidson. The Senator left nothing undone for the pleasure of the press men and women who saw many things of interest along the channel and gulf as his guests.

Among the points of interest was the San Jacinto battle ground and the spot marked by a marble shaft where Santa Anna was captured. Further down the channel is the famous Goose Creek oil field. Great steamships are now anchoring at Port Houston and plying to foreign markets.

Thursday night the pressmen were guests of the Houston Chronicle at a theater party in the Majestic.

Friday morning the convention opened with a pre-arranged program and was in session until noon when the delegates went aboard a special train for Sugarland as the guests of the Sugarland Chamber of Commerce. At this industrial center the press delegates were served with chicken lunch and were met by Governor Hobby and Robert E. Thomason, speaker of the House of Representatives.

In the afternoon guides piloted the pressmen through the sugar mills and the famous Sealey mattress factory. They were addressed by the governor, Mr. Thomason, Clarence E. Gilmore of the railroad commission, Lieutenant Governor Johnson, and others.

Friday night on the roof of the Rice Hotel the press men were banqueted.

Saturday the convention resumed business and the election of officers concluded the program. They then went to Galveston aboard special train as guests of the General Oil Company. Supper was had near the wild waves on a siding where the train was allowed to stop.

Selection of the place to hold the convention in 1921 was left to the executive committee. Galveston has asked for the convention as has McAllen near the border.

Publishers who attended the convention from Milam county were Thomas N. Herring, editor and publisher of the Cameron Enterprise and J. B. White, editor and manager of the Cameron Herald.

## COTTON CLASSER FOR YEAR SIGNED

CLUB SIGNS CONTRACT AND MONEY HAS BEEN RAISED TO FINANCE THE OFFICE

T. R. Depew of Austin, cotton classer, will have charge of the Federal Cotton Classing Bureau in Cameron for the ensuing year.

The Commercial Club at its last regular meeting voted to sign the contract. The finances are guaranteed by three banks of Cameron as embodied in the agreement.

The cotton office will be opened in July. It will be financed this year by the aid of farmers who have become interested in the classing of cotton.

The business men, farmers and citizens have gone over the top with the subscription for the classing station.

## INTERESTING TALK BY RED CROSS WORKER

RED CROSS SECRETAR EX-  
PLAINS NEED OF HIGH  
SCHOOLS IN SOUTHWEST

Some of the needs of the Southwest from a Red Cross point of view were set forth in an address by Miss Susan Ramsey, Director of the Bureau of Education of the Southwestern Division of the Red Cross at St. Louis, in an address a few days ago before one of the adult classes of one of the city's leading congregational churches. Miss Ramsey, in the course of the past year has made extensive trips throughout Missouri, Kansas, Texas, Arkansas and Oklahoma.

The Red Cross worker mentioned high schools as a great need in rural districts. Many farmers opposed the rural high school because it increased their taxes. "It is a harder matter," she said, "to interest some of them in their boys and girls than in their hogs and cattle. A story is told in one district that I visited of a farmer who had a baby in the family, and when the baby cried at night he grew weary of it and gave the child to his wife, saying he 'had to have his sleep.' A few hours afterward the wife was awakened by a light in the room and was surprised to see her husband preparing to go out. 'I hear a pig squealing out in the barn,' he said, 'and I want to find out what is the matter with it.' The question arose, Why was he more interested in the pig than in the child? And the answer was that the pig had a thoroughbred father.

"There is a large, beautiful building in Missouri, built especially to house the pedigrees of Poland-China hogs. It contains vaults, in which these pedigrees are preserved. In the State of Missouri there is no such pains to keep the birth registration of babies, as there is for Poland-China hogs. There are parts of Missouri in which a baby can be born without any record being made of it. This is not the case in St. Louis nor in any of the large cities. But there is no legal machinery in outlying districts capable of compelling a registration of the birth of a child. This caused us great difficulty in our work among the soldiers in and after the war. Their claim had to be based on a certificate, and in many cases there were no birth certificates, because no record had ever been made.

"Also, a drop of silver nitrate should be dropped into a young infant's eye to prevent blindness. There ought to be a provision, right in the birth certificate, for having that done. In none of the states I have visited is there any such provision.

"I heard the story, while I was on tour, of a young woman who should have inherited a certain bit of property, but her inheritance hinged on the fact of whether she was born on a certain day. This could not be proved, until finally someone happened to remember that certain Jersey calf was born on the same day as this girl had been. They went and found the birth date of the Jersey calf and thus proved the girl's birthday."

Miss Ramsey also spoke strongly on the need of closer regulations as to the guarantining of contagious dis-

eases, mentioning several cases of smallpox which had been carelessly handled in rural districts.

SALARIES OF SOUTHWESTERN  
PROFESSORS ARE INCREASED.

Georgetown, Texas, June 11.—The board of trustees of Southwestern University adjourned after a three days' session of unusual importance last night. The board took all legal steps required to put Southwestern in line with the plans of the educational campaign commission of the Methodist Church and arranged for financing the institutions part of the campaign expenses. Provision was made for substantial increase in the salaries of all professors.

Fifty ministers and laymen from all sections of Texas pronounced this one of the most successful years of Southwestern University and the outlook for the future most encouraging.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts cures old sores, tetter etc.

## NORTH TEXAS OIL YIELD INCREASES

DAILY AVERAGE OF WICHITA  
FALLS DISTRICT REACHES  
100,550 BARRELS

Wichita Falls, Texas, June 11.—The Iowa Park district production increased to 4,000 barrels daily average during the week and this, coupled with a 1,000-barrel gain at Burkburnett, sent the total for the district to 100,500 barrels daily. Last week the total average was 99,150 barrels. Completions in the Waggoner district include:

Missouri Oil Corporation No. 2 Morgan, 600 barrels.  
Sioux Oil and Refining Company, two wells on George; total 600 barrels.  
Burk Sheffield Oil Company No. 3 George, 400 barrels.  
Seven smaller completions totaled 500 barrels initial production.

BLAYLOCK HOLDING MEETING -  
IN LLANO BAPTIST CHURCH

Rev. B. B. Blaylock, pastor of the first Baptist church in Cameron is now in Llano holding a revival meeting for the Baptist church in that city. Rev. Mr. Blaylock will return to Cameron in time to preach at the morning hour Sunday. This announcement was made from the pulpit Sunday morning.

In the Texhoma pool the Texas Interstate No. 1 Robertson is making 250 barrels.

There were two completions totaling 80 barrels at Electra.

A packer was delivered by airplane from Tulsa for use in K.-M.-A. No. 4, which will be drilled in shortly.

## Cornell-Wood-Board

Triple-sized, takes the place of plaster—for Walls, Ceilings, Partitions, Repairs, Alterations and New Work

## Will You Rent Your Attic for \$20 a Month?

SPARE space now brings big returns—which explains why thousands are finishing up their attics, basements, spare rooms and other waste spaces with attractive Cornell Wood Board walls and ceilings.

A few dollars spent for Cornell will quickly add a guest chamber, nursery, cozy sewing room, den, office or shop.

## Triple-Sizing Protects Against Moisture

Architects, carpenters and builders favor Cornell, because it is sized internally to resist moisture, expansion and contraction, especially in damp weather.

Also because of Cornell's Mill-Primed surface (both sides), which saves you the cost and labor of a priming or sizing coat. The

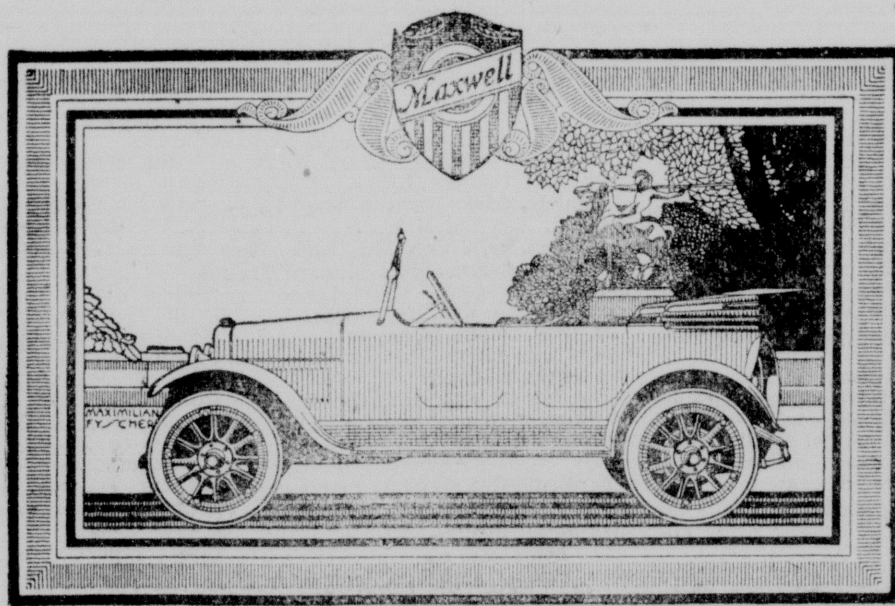

oatmeal finish takes a perfect spread of paint.

The 32-inch width called "Cornell 32" is a special Cornell feature which produces charming panel designs for hallways, small rooms and borders. Guaranteed not to warp, crack, buckle or chip, if directions are followed.

Cornell comes in 32 and 48 inch widths, called "Cornell 32" and "Cornell 48"—8 different lengths, 6 to 16 feet

## The Thrift of a MAXWELL comes from its special steels

Nearly 400,000 owners know well how thrifty a Maxwell really is.

Men in the trade in selling other cars often use the expression "as thrifty as a Maxwell."

Special steels are the underlying cause of Maxwell's thrift.

These are steels, made to Maxwell's own formulae, after years of tests, analysis and study, which make possible the ideal construction of great strength and light weight.

They give a Maxwell the

ability to stand wear, strain, twists and jolts that other cars much larger and heavier would have difficulty to resist.

But they make a Maxwell light. They eliminate useless weight; they ease the burden on the engine and thus gas, oil and tires render long mileage results.

Hence, the ever growing respect and admiration for Maxwell the world over; and its consequent fast growing numbers. Nearly 400,000 in use today; a year hence 500,000.

## OAKDALE NEWS

By Mrs. S. Hause

Oakdale, June 14th.—Nice cotton growing weather and every one seems to be well pleased with everything.

Mrs. Lettie Shelton went to Huntsville Saturday to attend the Summer Normal.

Mr. and Mrs. A. R. O'Neal were Cameron visitors Saturday evening.

Mr. and Mrs. Andrew Pfardrescher of Ad Hall came to see Mrs. Frank Pfardrescher Sunday at her brother's, Mr. Clyde Hensley, and as his mother, Mrs. Sallie Hensley has returned from Houston they all had a very pleasant day. Mrs. Hensley came to be with her mother, Mrs. Westbrook, who is 86 years of age.

Mrs. Wimberley was sick most of last week. She was not able to go to Temple last Thursday as she expected. She was to go with Mrs. Sid Hause, who went that day, and they both were disappointed.

Mr. Jean Mobley's little child has been very sick. He thinks it has typhoid fever.

Mr. Will Addison came to see his children Saturday, went with them and their grandfather, Frank Fasel to Milano. He returned home by way of Cameron Sunday evening.

Mr. and Mrs. J. D. Link, daughter, Cora May, and Ed Hause came to spend the day with Sid Hause Sunday. Mr. Link is a merchant at Silver City.

Mrs. A. W. Belt seems to be great deal better now. The writer was over there Saturday evening and spent a very pleasant time.

Mr. Oscar Crawford and family went to Cone Switch Sunday to see relatives.

Mr. and Mrs. Calvin Pressley and children of Cameron came to Mr. H. B. Pressley's last Thursday and they all went berry hunting near Milano.

Bro. Hodge preached for the Prospect people Sunday morning and had a very nice crowd.

There were several who attended from Hoyte.

## FINE ANIMALS FALL PREY TO SHARKS IN WATERS OUTSIDE HAVANNA HARBOR

Havana, June 7.—Hundreds of fine steers stampeded on board of the American steamer St. Charles outside of Havana harbor, Saturday afternoon and after creating a panic on board the ship, they plunged into the sea where they became the prey of sharks which infest the waters off Moro Castle.

Except for a comparative few that swam ashore and are now wandering about in the suburbs of this city, all of the 800 steers on the St. Charles are believed to have perished.

Sanitary officers who inspected the vessel on her arrival Saturday were alarmed when they found 130 dead steers in the hold of the ship. They ordered the captain of the St. Charles to put out to sea and there throw overboard the carcasses of the cattle that had died. While the crew was engaged in this onerous task, the steers broke down their corrals and ran amuck.

## A Tonic Laxative

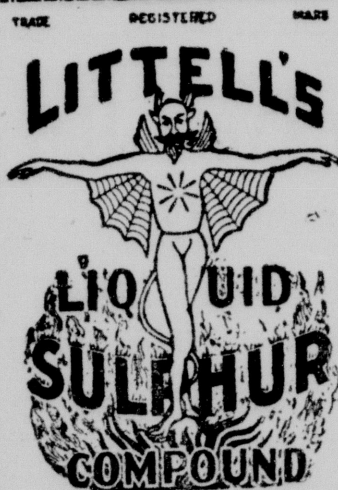

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

## LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative, excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c.

Made and recommended to the public by Parke, Davis & Co., St. Louis, Mo., manufacturers of Grover's Tasteless Chilli Tonic.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Mr. J. H. Taylor has had his nephew of Alabama several days last week. He tells of a swimming hole that has been there ever since Mr. Taylor lived there. It is not like little River bathing holes, for they move from one place to another.

There were several of the Cameron Oil Refining men at Milano Wednesday. We learn that they leased or bought several acres of land from Mr. Joe Burnett who has several hundred acres in charge.

Milano will soon have most as good lights as Cameron. They are installing light systems at different places.

Mr. Pete Crawford near Cone Switch gave an ice cream supper Saturday night. He had all his relatives in Cameron, Mr. John McLerran and his children.

Frank Fasel, Jr., Ray Thompson and his brother went on a lone scout hike, took their dinner, went up on some of the high mountains that we have near Milano, spent the day pleasantly, came back home and played some games before bedtime. They went to work the next morning happy.

## SAGE TEA TURNS GRAY HAIR DARK

Its Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it

## ALKALI IN SOAP RUINS HAIR

Most soap contains free alkali, which is very injurious to the delicately constructed scalp, and causes the hair to become dry and harsh. Careless and incorrect shampooing frequently causes the pores of the scalp to become clogged and thus the hair roots fail to receive nourishment and air. In this state the tissues are weak and become an easy prey to attacking germs such as dandruff.

Great care should be taken in choosing a shampoo which is free from any injurious substance, is pure, cleansing, mildly antiseptic and tonic in effect. There is such a shampoo on the market—Splenlox Coconut Oil Shampoo. Its beneficial effects have aided in renewing health and beauty in the hair of many men and women.

A few hair health and beauty rules:

1. Wash and disinfect your brush and comb regularly.

2. Tight hats or methods of hair dressing that bind the hair interfere with scalp circulation.

3. Give the hair frequent air and sunlight baths; but do not expose to the direct rays of the sun when it is wet.

4. At the first sign of dandruff apply Splenlox Guaranteed Dandruff Remedy regularly till the scalp responds to the treatment.

5. Shampoo regularly—men once a week, women once a fortnight—with Splenlox Coconut Oil Shampoo.

Splenlox products are absolutely pure and reliable and are scientifically prepared to promote health and beauty to the hair. Made by The Splenlox Co., Dallas and Philadelphia.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. \_\_\_\_\_ had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

## CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

## PRIZE WINNING LETTER

### TRADE AT HOME

(By Mrs. W. A. Gillon.)

Trading at home develops the booster spirit in a community. It creates a mutual feeling of good-will between merchant and patron that leads to community progress. It brings confidence and faith for the future and instills civic pride in the community. Without civic pride a community is dead. For these reasons alone, everyone should trade at home.

Is it not worth while to live in a flourishing community, a community that is constantly looking and moving forward? Would you not rather live in such a community than in a backward, listless place where the biggest ambition of the people is to live one day more, where their vision into the future is just one day? Yes, there are just such communities in this great and glorious country of ours and they are the direct outgrowth of trading away from home.

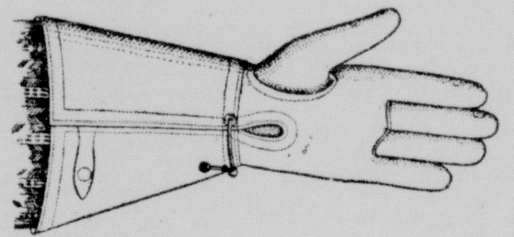

The home merchant is a necessity in a community. No one denies that fact. He is used in times of expediency by everybody, even though they may pass him up when the occasion is not pressing. When people want something quick, have to have it and

can't wait to send to Dallas, Houston, Fort Worth or New York, they go to the home merchant.

The home merchant gives service. He satisfies these urgent wants readily and courteously. He displays his entire stock gladly that the patron may secure just what is wanted. He wraps up the packages and delivers it.

But how often is this service not appreciated. Narrow minded people will inevitably contend that the home merchant is nice to them because he wants to get their business so he can rob them. They fail to see good intention in anything except the highly colored, attractive pages of mail order catalogues.

Sure the home merchant wants your business. He is willing to give the best service possible, sell the best goods the market affords and asks prices as low as any legitimate competitor in the world. But to do this he must have home support. The home merchant can not maintain a high class store unless he receives whole hearted home patronage.

## HOPELESS DISEASES CAN NOT BE CURED BY DOCTORS OR MEDICINE

There are some diseases which are absolutely hopeless and past cure by any physician or medicine, but they may be palliated and a medicine, if it does not help in one case, may help in another. To any one suffering from a disease a remission is a degree of health and a medicine that relieves or palliates a disease is of great benefit. We can not guarantee to cure any disease with Number 40 For The Blood, but we quote word for word what the ingredients in 40 are recommended for in the U. S. Dispensary and New American Materia Medica: "In the treatment of blood troubles an acknowledged remedy among all schools of physicians, removes the cause of disease, stimulates the removal of waste, thus indirectly encouraging nutrition. Disorders of the nervous system demand this remedy, such as neuralgias, chronic rheumatism, gouty conditions, auto-intoxication, constipation. Used with phenomenal success in eczema and skin diseases, lumbago, glandular swellings, ulcerations of mucous membranes and in general disorders of the stomach, liver, kidneys and spleen." Prepared by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. W. S. King, 802 E. 4th St., Pueblo, Col., makes the following statement: "I suffered for a number of years with kidney trouble, sciatic rheumatism and constipation, tried numerous remedies with little or no benefit. I was induced to try Number 40 For The Blood. I found I was benefited from the start, and after taking six bottles received such wonderful and satisfactory results, I am prompted to make this statement." Witness to signature, Edward Reiss, druggist.

## THE BIG ELK

**Dollars Are Seeds to Be Sown In the Field of Investment.**  
**WILL YOU REAP A GOLDEN HARVEST?**

We are offering the one big opportunity of the year in placing the stock of the Big Elk Refining Company on the market to investors both small and large. We have gone over the situation here in a careful and thorough manner and recommend this exceptional investment proposition to those who would advance a step in improving their chances of success.

**Don't succumb to the world old curse of poverty.**

We are going to build a 2000 barrel Refinery in Cameron to refine the oil already in paying quantities in Milam county fields. Drills are going day and night. The big strike will be made here. Now is the time to get in. It is the first clarion call of OPPORTUNITY to you. Refineries make multiplied millions of dollars annually for stock holders. Don't worry about where we will get the crude to refine—It's already here.

Oil must be refined. Shortage is enormous. Prices mounting. Come with the BIG ELK and win. Pioneering means everything. Don't wait. Send in that application TODAY.

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma

NET PROFITS of \$107,800.00 were made. Of this the land owner made \$5,450,000, the broker made \$2,400,000 company made \$10,790,000 and the refinery company that bought and refined the oil made \$86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first

eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders \$2,350 for each \$100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground

floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy, Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

### What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals \$4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals \$1890 daily.

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals \$1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals \$420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals \$1728 daily.

Gross daily income \$9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at \$2.40 per barrel.....	\$4,800.00
Fuel, Labor and Water per day.....	250.00
Insurance and Depreciation.....	50.00
Overhead and Miscellaneous.....	50.00

Total Daily Expenses .....\$5,150.00

ACTUAL TOTAL NET DAILY PROFIT \$4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of \$1,686,240.00.

## THOMASON DECLARES NEFF NO FRIEND TO NATIONAL SUFFRAGE

CITES LETTER WRITTEN TO  
CAMERON WOMAN TO PROVE  
HIS ASSERTION.

Austin, Texas, June 14.—Speaker R. E. Thomason made a vigorous address in the House of Representatives tonight in behalf of his candidacy for Governor and was given a highly enthusiastic reception by the audience which greeted him. The hall and galleries were packed to overflowing.

"I observe from the daily papers that an authorized spokesman for Mr. Neff at Dallas a few nights ago severely criticized and condemned me for having voted against submission in the early days of the Thirty-fifth Legislature and charged that I was lined up with Governor Ferguson in that fight.

"The truth is that I did vote against submission at that regular session, because my district had voted against submission and I have never yet failed to carry out the instructions of my district on any question. I have supported prohibition in Cooke County, also in El Paso County. I helped to make the fight for local option in El Paso County when it was a hopeless task. The first race that I made for the Legislature was on a platform that I would do everything in my power to help amend our election laws so as to eliminate the illiterate foreigners. I am the author of the present literacy law requiring every voter to make out his own ballot unless over 60 years of age or physically disabled. I actively supported woman suffrage in that same race, because I wanted to trade off the Mexican men for the American women. I think I did right in voting the instructions of my district, but if there be those who think I did, I paid that debt with interest, because later I was joint author of the zone bill which was the first law to really make Texas dry. I later supported statutory State-wide prohibition, as well as voted for the ratification of the national amendment.

"After I had discharged my obligation to vote against submission I told my people that I was going to vote for these other measures and they rejected me without opposition. It is, of course, a joke for any man who knows my legislative record to say that I was ever in harmony with Governor Ferguson, as I was a member of the board of managers of the impeachment trial, as well as wrote the first investigation report. It comes with poor grace from a supporter of Mr. Neff to accuse me of such because after the Legislature had condemned the action of Governor Ferguson in the purchase of automobile, groceries, etc. Mr. Neff appeared as leading lawyer in the 'chicken-salad' case of Middleton vs. Terrell.

"It also comes with poor grace from the friends of Mr. Neff who saw fit in Dallas a few nights ago to attack my record and to praise Mr. Neff for his alleged support of woman suffrage when I have a copy of a letter written by Mrs. W. E. Spell of Waco, who is one of the delegates at large to the national convention, in which she writes to a woman in Cameron that she was in charge of the woman suffrage campaign at Waco last year, and that Mr. Neff declined to sign his name to any indorsement, and that she had asked Dr. Brooks to telephone him and that Dr. Brooks told her that Mr. Neff would not indorse the move. She also says in the same letter that Mr. Neff refused in every way to assist her in the campaign. I have given my active personal and official influence toward enfranchising the women of this State.

"I also notice where Mr. Neff sought to leave the impression at Wichita Falls that I should not be elected Governor because I lived in the western portion of the State, and to use his expression, 'live nearer to San Francisco than I do to Wichita Falls.' I did not know before that it made any difference from what section a man comes, just so he has the character and ability to fill the office he seeks with credit. I do not know whether Mr. Neff wishes to divide

Texas or not. We now have a distinguished Senator who lives very near the Arkansas line, and we have had many distinguished public men who came from near the eastern border of the State.

"I favor the payment of a poll tax and have been misquoted about my position concerning same. I believe that all persons should be required to pay something toward the support of the Government. I have said that I thought we should promptly amend our Constitution so that none but American citizens could vote in any of our elections. And, after that is done I believe the people could, with safety, pass a registration law, requiring every person who wishes to vote to make out a registration receipt in his own handwriting and in the English language.

"I don't believe that, as a matter of principle, a full-fledged American citizen should have to pay for the right to vote in a free country. I would require the payment of a poll tax, but not make it a prerequisite for voting, provided we have a complete registration system. I know there has been gross abuses of the poll tax law, as shown by the testimony on both sides of the Parr-Glasscock contest last year. Clean elections have been my hobby, and while I favor a strict registration law, coupled with a literacy test, yet I believe American citizens should be encouraged rather than discouraged in taking an interest in public affairs. I believe that few country women will vote so long as they must pay a poll tax. I also want to see the time for qualifying for voting made later in the year, when there is more interest shown. Anyway, no change can be made except by a vote of the people, but these are my views frankly expressed."

### HERRERO INSISTS PRESIDENT CARRANZA COMMITTED SUICIDE

Mexico City, June 11.—Circumstances attending the death of former President Enustiano Carranza were not fully cleared up by the federal court of investigation today, although it remained in session for ten hours. Gen. Rodolfo Herrero, who commanded revolutionary forces which attacked the Carranza camp at Tlaxacalan-tongo, insisted Carranza committed suicide, when wounded and abandoned by his companions.

He was confronted with the friends of the dead president, including General Barragan, Gen. Francisco Murguia and Gen. Frederico Montes, but insisted upon the accuracy of his story.

Examination of General Herrero failed to reveal definite particulars of the tragedy and no one has been found who is able to testify from personal observation how Carranza met his death.

Miss Grace Lindsey left last Sunday to spend a week with her sister, Mrs. Walter Stitt at Taylor.

### THE MEN'S ADULT BIBLE CLASS, CAMERON BAPTIST CHURCH

That was a beautiful, and deserving tribute paid their teacher when Mr. W. J. Walker was greeted last Sunday by a large and enthusiastic class numbering almost forty. The occasion was the last meeting of teacher and class before Mr. Walker goes to Waco to take up his duties as teacher in the Baylor University Summer School which begins June 21.

The Men's Adult Bible Class was organized nearly six years ago with four members viz: Capt. Jno. B. Wolf, Geo. S. Mangum, Rev. M. W. Mitchell and W. J. Walker. The growth of the class has been steady—nothing spectacular or sensational in the methods employed, but men have been solicited to join because they would find a hearty welcome, a splendid fellowship and withal a delightful place to spend an hour in the study of God's word. Along these lines the largest class in the city has been built up. It is a noteworthy fact that the class has numbered among its members Baptists, Methodists, Christians, Catholics and men without any church affiliation, thus demonstrating to the world that a great fellowship and a spirit of brotherly love can prevail even among men of different creeds.

The work of the class has been in keeping with its original aims and purposes, namely to bless mankind for since its organization dozens of lives have been blessed and they have walked in a closer fellowship with God and their fellows, they have been reclaimed for service and others have entered into a new service for the Master; no worthy appeal for help of any kind has been refused; many men individually have been helped in a financial way; hundreds of dollars have been contributed through the church to Buckner's Orphan Home, Missions and Central Baptist Sanitarium as well as other worthy enterprises of the church.

The class is fully organized and the work so distributed that each one has a part to perform and the beauty of it is that each one does his part and all work harmoniously together for the success of the class as a whole. The officers at present are: Rev. M. W. Mitchell, President; S. M. Burns, Sr., Vice-President; J. J. Andrews, Secretary; T. A. Casey, Treasurer; W. J. Walker, Teacher; C. C. Kirtley, Assistant Teacher; J. B. White, Reporter.

While Mr. Walker has been untiring in his efforts to promote the interests of the class he takes no credit to himself for the success attained but very graciously attributes it all to the good work done by the members themselves.

In Mr. Walker's absence, Mr. Kirtley will have charge of the class and it is the earnest desire of Mr. Walker that the men will give Mr. Kirtley the same loyal and sympathetic cooperation they have given him during all these years.

### TO WHOM IT MAY CONCERN

As a citizen and voter of Milam county, I am taking the liberty of calling the voters of the county as above mentioned, in mass meeting at Rockdale, Saturday, June 19, 1920, for the purpose of discussing and having discussed the American Party platform, looking to the organization of the American Party in Milam county for political action. If interested be at the city hall in Rockdale date above mentioned.

## TO OUR FRIENDS AND CUSTOMERS:

Cameron, Texas, June 14, 1920

Having decided to discontinue the mercantile business in Cameron, and sold our stock to Messrs. Storrs and Wilkerson, we wish to take this occasion to thank you, one and all, for your liberal patronage and many favors in the past, and at the same time to wish for you health, wealth and prosperity for the future.

We heartily commend for your careful consideration, our worthy successors, Messrs. Storrs and Wilkerson, and trust you may give them the same loyal and liberal support that we have enjoyed at your hands.

Assuring you of our sincere appreciation we are,

## BAILEY'S NAME TO APPEAR ON BALLOT

LIE IS PASSED AND COMMITTEE-  
MEN THREATEN FIGHT OVER  
ISSUE

Fort Worth, Texas, June 14.—By a vote of 16 to 4 the state democratic executive committee at its meeting here this evening decided to place the name of Joseph Weldon Bailey on the ballot as a candidate for governor in the July primaries.

Shortly after the announcement of the vote was made the lie was passed by H. S. Moran of Weatherford to John J. Simmons of Dallas, who acted as a proxy for D. S. Giddings of Brenham, and for a time physical encounter was threatened, friends interfered and the meeting continued.

The committee certified the names of the following candidates:

For Governor—Joseph Weldon Bailey, Pat M. Neff, McLennan county; Robert E. Thomason, El Paso county, and B. F. Looney, Hunt county.

For lieutenant governor—L. W. Culp, Bell county; Lynch Davidson, Harris county; W. A. Johnson, Hall county; J. C. McNealus, Dallas county; W. T. Pace, Dallas county, and R. B. Humphrey, Dallas county.

For attorney general—C. M. Cureton, Bosque county.

For state treasurer—John M. Baker, Crosby county.

For judges of court of criminal appeals—W. L. Davidson, Travis county; F. B. Martin, Gregg county.

For judges of supreme court—William E. Hawkins, Travis county; Wm. M. Key, Travis and Wm. Pierson, Hunt county.

For commissioner of agriculture—Sam H. Dixon, Harris; Geo. B. Terrell, Cherokee county.

For railroad commissioner—John L. Anderson, Dallas; Earle B. Mayfield, Bosque county.

For superintendent public instruction—Anne Webb Blanton, Denton; J. M. Carlisle, Nueces county.

For land commissioner—J. T. Robinson, Morris county.

For comptroller of public accounts—Sam H. Gordlet, Travis; Lon A. Smith, Henderson and Mark L. Wiginton, Hill county.

The committee unanimously voted for the selection of Fort Worth for its meeting in August.

### I. C. C. HAS BIG

#### ACCOUNTING JOB

Washington, D. C., June 16.—In a statement issued by the United States Civil Service Commission it is said that the Interstate Commerce Commission has on hand one of the heaviest accounting tasks that every confronted an organization.

The law which became effective on March 1, providing for the return of railroads to private control, has added tremendously to the accounting work of the Interstate Commerce Commission already heavy in connection with the physical valuation of common carriers.

Among other things, the new law provides for a fund of \$300,000,000 to be under the control of the commission, from which fund loans may be made to common carriers for their extension and general betterment.

The Civil Service Commission states that until further notice it will receive applications for a large number of positions of examiner of account under the Interstate Commerce Commission at salaries ranging from \$2,100 to \$3,900 a year. Applicants will be rated on their education, training and experience.

It is stated that the positions are principally in the field and offer opportunity for extensive travel at Government expense. An allowance for subsistence is made in addition to the salary. The 30 days' annual leave allowed Government employees is mentioned as a further advantage.

### AN ORDINANCE

An ordinance to regulate the location, construction and maintenance of privies and cess pools within the city of Cameron, Texas, and providing a penalty therefor.

Be It Ordained by the City Council of the City of Cameron, Texas, for the promotion of health and the suppression of disease:

Sec. 1. It shall be unlawful for any person owning any improved real estate or any other person to dig or use, or cause to be dug or used, any privy vault or cess pool, or connect any plumbing with a cess pool, or build or rebuild or cause to be built or rebuilt any privy, building, privy vault, or cess pool within the limits of the city of Cameron, Texas, except upon a written permit from the city health officer.

Sec. 2. No person shall suffer or permit any cellar, vault, drain, cesspool, or privy or sewer up on any premises belonging to or occupied by him within the corporate limits of the city of Cameron, Texas to become nauseous, offensive or injurious to the public health, and it shall be the duty of all occupants of property to keep all privies, privy vaults, cesspools and drains on the premises occupied by them in a clean and sanitary condition.

Sec. 3. It shall be unlawful for any person, firm or corporation, whether as owner, agent or employee, to have or maintain any privy or privy vault, cesspool, pit, or like place which is not securely protected from flies.

Sec. 4. No such privy vault, privy building, or cesspool shall be constructed within 20 feet of any house or residence, or buildings unless used as such nor within 2 feet of the property line of such premises.

Sec. 5. The floors and walls of all privy vaults shall be of cement, concrete, cemented stone, or other impervious material and must be smooth and level in surface.

Sec. 6. All vaults hereafter constructed must be not less than 4 feet wide (from front to rear) 5 feet long and 3½ feet deep below the floor and must be closely joined to the privy building, and ventilating pipe, of wood or other material, of not less than 6 inches in diameter shall extend from the top of the vault to 2 feet above the roof and of the privy building, and the opening at the top of this pipe must be securely screened to exclude flies.

Sec. 7. All privy buildings must be built according to specifications to be furnished by the health officer.

Sec. 8. All privy vaults, flush toilets, or other plumbing fixtures shall be disinfected whenever so ordered by the health officer.

Sec. 9. The cover of the seat in the privy building must be kept closed at all times when seat is not in use.

Sec. 10. The cover for the vault at the rear of the building must be kept closed at all times, except when the vault is being used.

Sec. 11. The door of the privy building be kept self closing by means of a spring, weight or other device, and must not be allowed to remain open at any time.

Sec. 12. No wash water, kitchen slops, or other liquid wastes, garbage, tin cans, crockery, or glass shall be emptied or thrown into any privy vault.

Sec. 13. No body waste or excreta from any person suffering from typhoid fever, dysentery, or other serious intestinal trouble shall be deposited in any privy or privy vault, without being previously disinfected in such manner as may be approved by the health officer in conformity with regulations with the state board of health.

Sec. 14. All privy vaults without curbing, or with foul or rotten wooden curbing, or inadequate or partially caved, or otherwise defective in the judgment of the health officer, and all privy buildings too old or too dilapidated to be made to conform with the requirements of this ordinance, and all cesspools without curbing, or inadequate either in size or covering, or caved, or in any manner dangerous to the public health, shall be condemned by the health officer, and a new privy vault, privy building, or cesspool shall be constructed within not less than 10 days from the date of condemnation. In either case notice of condemnation must be posted on the premises and a copy served on the owner or his agent, or left at the residence or office of either.

Sec. 15. All contractors or other persons employing men constructing buildings, street improvements, or other similar work shall provide such temporary privies as shall meet with the approval of the health officer and must care for same as may be required by the health officer.

Sec. 16. No person or persons shall throw or deposit in any cesspool any garbage, tin cans, crockery, glass or other rubbish whatsoever, and the owner, agent or occupant of the premises shall be responsible for the condition of such cesspool as well as privy vaults.

Sec. 17. No person shall empty any vault, privy or cesspool or dump any refuse matter of any kind in the city of Cameron, Texas, without a permit from the health officer.

Sec. 18. No person or persons shall abolish, abandon or neglect any privy, cesspool, or vault containing any excrement, filth, or other offensive matter or fill up any such privy, cesspool or vault upon any premises owned or occupied by such person or persons or any premises whatsoever, unless such filth

or excrement shall first have been removed therefrom, and a permit for such abolishment or abandonment has been obtained from the health officer.

Sec. 19. It shall be the duty of the owner or owners, or agent of property, or occupants, to keep all privy vaults and privy buildings and cesspools on property owned, managed, or occupied by them, clean, and to properly clean them whenever notified by the health officer so to do.

Sec. 20. No building shall be used as a dwelling house unless the same is provided with a privy vault and building, or is properly connected with the cesspool or sewer.

Sec. 21. Any person, persons, firm or corporation that shall violate any part of the provisions of this act or ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined in any sum not less than Ten Dollars nor more than One Hundred Dollars.

# SERVICE

Never, since before the war, have we been able to offer to the public such prompt and efficient service as now.

Our mechanical department has never been so efficient and so thoroughly organized as at present. Our service begins as you drive in, with a thorough inspection by a competent service man, who will diagnose your trouble and if it requires the use of equipment in the repair shop, it is sent with instruction to that department, where it receives prompt and efficient attention by skilled mechanics.

Our sales department is equally as well manned. We are selling more gas, greases and oils than ever before, for the simple reason that you get prompt and courteous attention when you drive up to our station.

Our friends who appreciate Good Service, who are not how patrons of ours will do well to try us out just one month and learn what good service is.

## TEXAS CATTLE ARE IN GRAVE DANGER

COMING OF TICKS TO PASTURES  
WOULD KILL NEARLY ALL  
BEEF ANIMALS

San Angelo, Texas, June 11.—Discontinuation of the rigid enforcement of the provisions of the state tick eradication law, which is threatened in a decision handed down Wednesday by the court of criminal appeals in a case from Milam county, would completely ruin the cattle industry in Texas, in the unanimous opinion of San Angelo ranchman.

"Allowing ticks to again infest the country would kill every animal in this section," emphatically stated Abe Mayer, prominent cattleman, at the St. Angelus hotel Thursday.

The proposal is preposterous, it is agreed by everyone who owns stock, as the letting down of the bars, which it has taken years to erect through expensive dipping, would threaten with infection cattle in three-fourths of the state, already clean. Cattle that have been freed from ticks for years would be susceptible to fever and thousands would die. The value of every herd would decrease to a point that would threaten the owners with bankruptcy.

Unless the supreme court on an appeal, reverses the decision of the court of criminal appeals, Texas' only recourse is to the federal government, says Joe Montague, another local stockman. For several years, the bureau of animal industry has cooperated with the live stock sanitary commission of Texas in ridding the state of ticks, but the most of the work has been done under the state supervision.

Virtually all the San Angelo country to the border is clean, though a few counties still are under quarantine. Most of the "ticky" territory is in the southern part of the state, in the region along the gulf and west to the lower Rio Grande.

Cattlemen estimate that when a section is freed of ticks the value of cattle increased from \$2 to \$5 a head. The premiscious movement of herds from one county to another, which would be permissible if the state tick eradication law become inoperative, would be spreading infection, cause losses to surpass this conservative estimate of the gain in instances where regions are cleaned up.

Under the state law at present, every ranchman who has "ticky" cattle is required to dip his herds at intervals of twenty-one days until the ticks have been destroyed. When interstate shipments are made from unclean territory certificates to the effect that the cattle are clean must be secured from the federal inspectors. In movements within the state, similar certificates must be obtained from

inspectors of the livestock sanitary commission. Even cattle going to market now have to be dipped, if coming from infected country.

The principal cost in dipping lies in the labor required to round up the cattle regularly and in providing vats and other facilities. The preparation used is not expensive, generally amounting to about three cents per head. Every ranch in west Texas has or has had its dipping vat and due to constant work, three-fourth of the state today is clean.

Tick eradication work in west Texas began ten or twelve years ago, many cattlemen taking up the matter before it was enforced by state law. In localities where ranches were located at a considerable distance from railroads, it was difficult to dip the stock and then drive them to the loading pens, for the reason that following dipping cattle become easy victims to the heat. Yet moving herds at night, this difficulty was overcome.

Where cattle in infested territory are being made ready for shipping to market, they must be dipped not oftener than seven days nor at greater intervals than twelve days; generally, two dippings are sufficient.

"One tick will infest an entire clean herd," said Abe Mayer Thursday, "and if the tick eradication law becomes inoperative, the movement of even a small number of 'ticky' cattle through this or any other territory might spread the fever. Such a thing must not be permitted to happen. If the law is not upheld, we must appeal to the federal government to safeguard us. Our work here has been done and paid for and not be undone because of the agitation of a few ranchmen in other parts of Texas."

### BUCKHOLTS NEWS By Audrey Criswell

Buckholts, Texas, June 14.—The Batte gins at this place are being repaired and put in good running order, before the oncoming cotton season arrives. Cotton in this section is needing rain very badly. Most of the farmers are about through with their shopping. Owing to the scarcity of farm laborers the price for their work is high.

Mr. J. H. Oliver was in Rogers Friday.

Miss Mary Louise Elliott is in Cameron where she will undergo an operation for appendicitis. Her friends hope for her a speedy recovery.

Miss Idell Harris will leave next week for points in Oklahoma where she will spend several weeks visiting relatives. She will be accompanied by her grandmother, Mrs. Will Harris.

Little Misses Pete Henderson and Genevieve Meyer of Fort Worth came in Saturday afternoon to spend a while here with their relatives.

Major Young is spending the summer in Branchville with his grandparents, Mr. and Mrs. Looney.

Mrs. Laura Watkins of Rogers spent the week-end here with her sister, Mrs. Tom Harris.

Mr. Joe Ruzicka was in Austin last week on business.

Miss Naomi Criswell left Thursday for San Marcos where she will attend the summer session of the Southwest Texas Normal.

Mr. Robert Janek was in Cameron Thursday.

Misses Jennie May and Bernice Reeder of San Antonio are here to spend the summer with relatives.

Mr. and Mrs. Tom Allen were shopping in Cameron Saturday.

Mr. and Mrs. L. T. Lewis of Cameron were here Saturday evening.

The Sons of Herman gave a dance at their hall Saturday night. Music was furnished by the Bartlett Jazz Band. An unusually large crowd was

present.

Mr. Jack Logan of Cameron was here Saturday night for the dance.

Mr. J. M. Corley is greatly improving the appearance of his home here in town by having small repairs made and having it repainted.

Leland Holder, son of Mr. and Mrs. W. W. Holder, happened to the misfortune of getting his arm broken last week by falling off a horse.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

666 quickly relieves Constipation. Biliousness, loss of appetite and headaches, due to torpid liver.

### MISS MATLUA HONORED

The home of Mr. and Mrs. B. P. Matocha was thrown open in a most charming way in honor of Mr. Matocha's niece, Miss Matula.

Eighteen old friends gathered at this home last Friday night at eight o'clock.

The entire reception suite was in red, pink and white roses. As a diversion a most unique and novel contest was arranged.

The five senses were brought into play in this contest, touch, taste, smell, sight, and hearing. Articles were arranged and for touch the light turned out for a minute, and then a certain time was given to write down what they touched.

Each sense was taken up and much merriment afforded, especially over the sounds emitted from a closet of all kinds of birds and domestic animals.

Prizes were awarded to those showing the best papers. For touch Miss Weems and Mr. Palmer won the box of stationery, for taste, Miss Matula and Mr. Gurecky the box of candy, for smell, Miss Marek and Mr. Matula the bottle of perfume, for hearing a telephone to Miss Marek and Mr. Kunz, for sight, green eyeshade to Marek and Mr. Kunz.

Delicious punch was served throughout the evening and at the close Mrs. Matocha was assisted by Mesdames Will Yates and B. J. Matocha in serving ice cream and cake.

### SWIMMING PARTY

Last Friday morning at sunrise a party of young people under the chaperonage of Miss Olive McGehee and Mr. Joe Denson, took a dip in the Nat. Those composing the party were: Misses Mabelle and Mildred Akin, Alice Garrison, Ruby Caton, Nona Hubert and Louise Stribbling, Messrs. Togo Joynes, Eugene Green, Clifford Barmore, Wiltz McCown, Richard Vest, Charlie Young, Harleigh McGregor, Lee Howell and Philip Reed.

### BOX PARTY

Last Friday quite a number of young people formed into a box party at the Wonderland theatre.

The party met at Dr. Hubert's residence and with Mr. and Mrs. Jim Sedberry of Galveston as chaperones, they paired off as follows:

Alice Garrison, Frank Plaster; Ruby Caton, Phillip Reed; Nona Hubert, Glenn Flinn; Wiltz McCown, Mabelle Akin; Mildred Akin, Ralph Joynes.

After the show the evening's pleasure completed with a treat at the ever popular Palace of Sweets.

### B. Y. P. U. PARTY

On last Wednesday night about thirty of the young people met at the home of Mr. and Mrs. F. J. Beckerman and enjoyed a delightful evening.

The home was beautifully decorated with mid-summer flowers. After all had arrived a word contest was in order and although the warm weather is hard on thinking brains some of them brought up excellent papers. Puzzles, too, afforded much amusement and all too soon the home going hour came.

Mrs. Beckerman, assisted by her daughter, Lillie Kate, served a delicious ice cream and cake.

### CLASS OF 1914 CELEBRATION

Last Friday night the class of 1914 of Cameron High School celebrated with a banquet at the Newport Cafe.

There were a good number there. The crowd met with Miss Sallie Kate McLane at 8:30 and after a social meeting marched down to the Cafe and found their places by dainty place cards tied with the class colors, blue and gold, with a plate favor of the class flower, nasturtiums. The table was beautifully decorated with the class colors and flower.

Menu—Fruit Cocktail, Chicken, Toast, Cream peas, Creamed Potatoes, Olives, Pickles, Light Bread, Crackers, Pie, Cake, Ice Cream, Black Coffee.

While enjoying this delicious repast delightful reminiscences of the old

school days were called up and discussed. Faces of those who were absent were called up and pleasantly remembered.

Six of their number were supposed to be happily married, while they were glad to find that only one had passed to that better land above. This one was Mr. Clark Childress, who so nobly gave his life for his country in the world war.

### RALPH JOYNES ENTERTAINED

On last Tuesday night at the home of his parents, Mr. and Mrs. John Joynes, Ralph Joynes entertained his friends. This pretty home was prettily decorated with cut flowers and about 26 of his girl and boy friends gathered for a stroll party.

Pretty engagement cards were passed and partners soon found.

Fruit punch was served and music on the Edison made the evening a most pleasant one.

Late in the evening cherry ice cream and cake was served and all declared they had a most delightful time.

Mrs. Joynes was assisted in entertaining by Mrs. William R. Rogers and Mrs. Stribling and Miss Lois Stribling.

### HOME BEAUTIFIED

The interior of the home of Judge and Mrs. John Watson has gone through a few weeks of what might be called, "chaos," but after a time of patience and good will terminated into "a thing of beauty and a joy forever." The rock mantle in the reception hall is an artistic creation out of old Milam county rocks, which the Judge and his old horse stumbled over many a time in his race for county judge.

Beautiful new wall paper and hard wood floors, and white enameled wood work throughout the entire reception suite and conservatory, with additional windows cut to emit more light indeed enhances the beauty of this home.

## "BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

### Get a Supply of Travelers Checks

A common misconception in the minds of those who have not experienced the convenience of carrying their travelers funds in the form of Travelers Checks, is that these checks are a substitute for cash.

They are more than that—they are an improvement upon cash. The difference is not alone in words—it is the difference that lies between convenience and inconvenience, between risk and safety.

They are issued in denominations of \$10.00, \$20.00, \$50.00 and \$100.00, and are good everywhere; they are accepted not only by banks, but by hotels, railroads, steamship companies and all business houses generally.

Immediately upon the delivery of Travelers Checks, the signature of the owner is inscribed in the upper left hand corner.

When cashing a check, the owner simply countersigns it in the lower left hand corner. The identity is established by comparison of the original signature with the counter-signature.

If Travelers Checks are lost we refund your money.

No worry about losing money—no bother about identification. Get Travelers Checks from—

# Revival Meeting

## AT THE BAPTIST CHURCH IN CAMERON

### BEGINNING

## Sunday, July 4

The Pastor, Rev. B. B. Blaylock will be assisted by Evangelist Perry F. Evans of Fort Worth

### AND

Singing Evangelists Mr. and Mrs. I. E. Reynolds of the Baptist Seminary of Fort Worth.

The meeting will be held on the lawn of the Baptist Church and preparations will be made to entertain Cameron and all Milam County's religious forces.

It will be the greatest Christian campaign ever held in Milam county. Rev. Perry F. Evans, noted evangelist, assisted by the Christian forces of the town and county will pitch the battle on a high plane of vigorous defiance of evil and you will hear an astounding indictment of sin in the world.

A burning gospel message by a tongue of fire to sere the sins of a sinful age.

## HARDING CHOSEN PRESIDENTIAL NOMINEE REPUBLICAN PARTY

Chicago, Ill., June 12.—Warren G. Harding, United States Senator from Ohio, was nominated for the presidency today by the republican national convention after a deadlock which lasted for nine ballots and which finally forced out of the running the original favorites.

As his running mate, the convention named Governor Calvin Coolidge of Massachusetts, upsetting a plan of a combination of the Harding backers to nominate for the place Senator Irvine L. Lenroot, of Wisconsin.

The collapse of the forces of Governor Frank O. Lowden and the transfer in large part to Senator Harding put the Ohio candidate over.

General Wood lost heavily, however, when the Harding drift began and Senator Johnson, the third of the trio of leaders on the early balloting yesterday, also went steadily downhill.

Entering the convention four days ago as a candidate distinctly of the "dark horse" class, Senator Harding got only 64 votes on the first ballot yesterday and on the second he dropped to 56. When the convention adjourned last night at the end of the fourth ballot, he had 61.

In all night conferences among the party chiefs, however, he was mentioned many times as the most likely to break the nomination deadlock should neither Wood, Lowden nor Johnson take a commanding lead today. They all failed to do so, Wood and Lowden running a neck and neck race for leadership on four more ballots while the strength of the California candidate dwindled steadily.

Meantime, Harding pushed his total to 133, individual delegates from many states dwindling to him from the columns of the leaders and various favorite sons. The Johnson managers, fearing a landslide was impending, then made a last play to save the fortunes of their candidates. They moved to recess for a couple of hours in order to take an inventory and seek a new combination. The Wood and Lowden forces, both virtually at the peak of their strength but disheartened at the long string of ballots without material gains, fell in with the recess plan and the convention adopted it. In the dramatic succession of conferences that followed, the fate of the candidates virtually was sealed. Some of the Wood and Lowden managers tried ineffectually for an agreement which would hold their delegates in line and kill off the Harding boom. Some tried to get a Wood-Lowden-Johnson agreement to adjourn till Monday without making a nomination. There also was a conference between Johnson and Harding supporter in which the Ohioan's supporters tried without success to have the remaining Johnson strength

swung to Harding.

It was the parleys between the Harding and Lowden men, however, which apparently bore the most fruit when the balloting began again, for Governor Lowden came to the convention during the ninth call and reversing a previous plan to go before the convention itself, issued instructions from behind the scenes releasing his instructed delegates. Senator Harding also was in the rear of the coliseum platform during the voting and conferred with Chairman Hays.

Almost as soon as the alphabetical call of states began after the recess, the ground swell for Harding demonstrated that it could not be forestalled. Connecticut, when her name was called, took thirteen of her fourteen votes from Lowden and gave them to Harding. In Florida, he got seven from Wood, and then Kentucky, almost from the first a solid Lowden state, flopped completely into the Harding column.

Amid scenes of rising enthusiasm, other blocks of Lowden delegates fol-

lowed suit while many of the routed Wood supporters also went into the Harding camp. By the end of the roll call, Senator Harding had rolled up a total of 374, putting him far into the lead and several score of votes nearer the nomination than any candidate had been before.

Lowden at the end of the ninth had only 121 votes left out of the 307 with which he entered the eighth and General Wood's strength had fallen from 299 on the eighth to 249 on the ninth. Johnson dropped from 87 to 82.

### PRESBYTERIAN CHURCH

Rev. H. C. Evans, D. D. President of the Texas Presbyterian College for Girls, will preach for us Sunday morning at eleven o'clock. Come and hear one of the leading educators of the State.

Monday morning at 8:30 we will begin our two weeks' vacation Bible School. We will teach the life of Christ, and, to those who desire it, the catechisms will be taught. We will hold the school for two hours each morning. There are no charges, and it is open to all. We cannot handle children who have not completed the first grade.

## To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us \$3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the rebuilding of our merchant marine—

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress;

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."

## OFFICIALS IN BIG AUTO THEFT PLOT

CONFESSION SHOWS CHIEF OF  
POLICE PAID \$100 A CAR  
TO KEEP QUIET

Dallas, June 13.—One of the most notorious gang of automobile bandits in which several Texas peace officers are implicated, has been broken up with the arrest of six men and a woman during the past few days, according to the local detective department.

The officers involved, including a chief of police, a deputy sheriff and a justice of the peace, have not yet been arrested, but will probably be taken into custody within the next few days.

In a confession one of the men it was stated that stolen automobiles were turned over to a garage at \$400 a piece, and that the chief of police was paid \$100 on each car to "keep quiet."

The justice of the peace also received his share of the loot.

The confession also states that the bandits, who were well organized, were responsible for numerous safe robberies which have been staged in Texas.

Eleven stolen automobiles have been recovered.

It is said that perhaps scores of other cars are still missing.

Itching disease can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace-Marshall Drug Co.

### WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change in the weather, my kidneys would bother me by acting too freely.

There was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

### LIFT OFF CORNS!

Apply few drops then lift sore,  
touchy corns off with  
fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

"Soil ownership is the salvation of any country. The more people who own land, the less likelihood of destructive radicalism. When a man acquires property, even if that property is only a balky mule, he immediately loses any anarchistic ideas he may have previously entertained. Ownership of property makes men believe in property rights and property protection.

And yet, before the establishment of the Federal Farm Land Banks, railroads and other big interests could borrow all the money they wanted at 3 1-2 per cent interest, on bonds running for fifty years, while farmers, having the best security on earth—the land itself—had difficulty in borrowing money at 10 per cent to enable them to go ahead and develop or improve their land.

The establishment of the Federal Farm Land Bank System was the greatest boon to agriculture that has happened in America in the last 100 years. Our entire national life and security are based on agriculture, and anything which promotes the interest of the agriculturist makes for a stronger nation and a better race of people."

**PUBLIC NOTICE**

I have sold my Tire Store business to Bismark and August Horstmann; the former is one of my former workmen and a good one; he will have charge of the shop and will retain my old force of workmen also; the same policy will be adopted as was used by me and satisfaction guaranteed on everything.

There is not a better repair plant in the State and with the new force and energy added, these young men should make even a better success than I have made of the business. I am selling out because of too much other business and my inability to give the proper attention to either.

I wish to thank those that have given me their business and ask that they continue with the new management, as I am sure they will be highly pleased.

The same lines of tires will be handled, and since I am going out, I can say that in my estimation they are the best for the money to be had on the market.

I am going to devote my time to my REAL ESTATE, LOANS, and INSURANCE BUSINESS and those having lands to sell or wish to buy, should see me promptly. I shall retain my office at the Tire Store as before.

**ADVERTISE FOR PARDONS**

The Pardon Board of South Carolina has suggested to Governor Cooper that he issue regulations requiring that every application for a pardon shall be advertised two weeks before the board meets in a newspaper in the county where the crime was committed. This follows the custom now in vogue in North Carolina, and other states.

The idea is that people in a community where a crime has been committed should have a right to speak in opposition to a pardon if they so desire, and these folk can bring out the hideous and worst part of the crime, whereas as it now proceeds only the friends of the convicted criminal is heard. Many citizens sign petitions for almost any thing and that is the way pardons are hunted these days.

**IF BACK HURTS**

BEGIN ON SALTS

Flush Your Kidneys Occasionally if You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about 4 ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; make a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

**WATER WORKS MAN**

GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite

is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

## CAMPAIGN STARTED TO INDUCE DEVELOPMENT IN MILAM COUNTY OIL FIELD BY COMMERCIAL CLUB

### Thomason for Governor Club Is Organized

Friends and supporters of Robert Ewing Thomason of El Paso, speaker of the House of Representatives, and candidate for Governor of Texas, have completed a campaign organization in Milam county to promote the candidacy of the speaker who is scheduled to speak in Cameron within the next two weeks.

The meeting to perfect the organization was held in the Auditorium Hotel Wednesday afternoon with a fair representation from the friends of Mr. Thomason.

Giles L. Averitt was unanimously elected chairman of the organization. He was instructed to appoint an executive committee.

Immediately after the organization of the campaign committee plans were discussed for conducting an active campaign in Milam county in the interest of Mr. Thomason. It was also decided to arrange an early speaking date for the El Paso speaker in Cameron. Mr. Thomason has assured his friends here that he will visit Cameron within the next two weeks or sooner if possible. It will be the first appearance of Mr. Thomason speaking in the interest of his candidacy for governor in Milam county.

Chairman Averitt immediately after the adjournment of the meeting forwarded a telegram to Mr. Thomason in Austin telling him of the organization and asking for a speaking date.

Mr. Thomason opened his campaign for Governor in his home town of Gainesville and in doing so laid down the broad challenge to Joseph Weldon Bailey for a contest in Cooke county to decide whether he or the ex-Senator would remain in the race for Governor. This challenge was not accepted by Mr. Bailey. Immediately after Mr. Thomason offered his services to the State Democratic committee and began an active campaign for the National Democratic Administration and the selection of delegates to the State Convention.

Mr. Thomason was one of the early legislative advocates of prohibition and woman's suffrage and is joint author of the famous zone bill which drove liquor and its evil influence from the great cantment centers of Texas when America went to war and the necessity arose for a clean army and sober fighters.

Mr. Thomason has been signally honored by the people of El Paso county, having been elected without opposition from that county where the sentiment is against prohibition and suffrage, after he had framed the zone bill and openly championed the cause of suffrage. Mr. Thomason was elected to the speakership of the House at the beginning of the 36th Legislature and so popular and so efficiently has he presided that there has never yet been an appeal from his decisions.

The following is the executive committee appointed by Mr. Averitt: J. G. Vest, T. N. Herring, Oxshier Smith, S. A. Cottle, R. L. Bette, Frank Lesovsky, J. C. Reese, D. Monroe, George T. Graves, J. B. White, Hilry Stedman, J. C. Joseph, Wm. R. Rogers, J. T. Parma, Dan Tyson, Hubert Hefley, Rush Thomas.

## ODD FELLOWS HOLD BUSY SESSIONS

### INITIATION OF CANDIDATES AND VISITING BRETHREN FEATURE MEETINGS

Milam County Odd Fellows are very active at this time in the initiation of candidates and the Cameron Lodge has been host to visiting brethren for the past month at regular weekly meetings.

The last of these meetings was held Thursday night of last week in which a large delegation from Rogers and Sharpe was present bringing two candidates each for the first degree. One candidate was supplied from Cameron Lodge and the total to take the first was five.

The Odd Fellows have issued a call for the meeting to be held tonight when Rogers and Sharpe will visit with this lodge and bring over four candidates for the second. Cameron will furnish one candidate for the second degree.

The degrees will be conferred by the Cameron degree team led by E. L. Tucker, in the capacity of Noble Grand. Prominent on the team will be Roy Law and others.

After the meeting last Thursday night refreshments were served at the Tucker Confectionery.

Will T. Yates, noble grand elect of the Cameron lodge has issued an appeal to Cameron lodge members to be present at the meeting tonight and to assist in the degree work for the benefit of the visiting brethren.

With the view of inviting capital to Cameron oil fields and encouraging production by the construction of pipe lines from the Tracy field when production has reached sufficient quantities, the Cameron Commercial Club has voted an expenditure of money to be used in an advertising campaign in some of the big state papers and also some of the oil journals.

This action was taken at the last regular meeting of the club Thursday night following a proposal made by men interested in oil development in this county.

The club will take an active part in advertising the field to induce a greater development.

**BIRTHDAY CELEBRATION**  
On last Sunday at the home of Mr. and Mrs. Bob Terry the children and grandchildren of Mr. T. N. Lindsey gathered together to do honor to their beloved father on his 68th birthday.

The home was beautifully decorated with silver buckles and an auto horn. The birthday cake was placed in the dining room with 181-1920 and "Daddy."

Each child and grandchild had prepared a gift of love and just before going in to dinner little Jack Collier, the youngest grandchild brought in a comfortable rocking chair, the gift of Mr. Lindsey's wife and daughter, Miss Grace, and after Mr. Lindsey was seated little Jack brought in a little wagon decorated in black and yellow, and filled with other presents: cuff buttons, silk socks, various ties, handkerchiefs, handsome belt with silver buckle and an auto horn.

Mr. Lindsey was so overcome with love and appreciation that tears rolled down his cheeks.

Dinner was announced and instead of the usual giving of thanks Mr. Lindsey thanked God for such a host of kind, thoughtful and loving children and grandchildren.

There was everything good to eat from chicken to ice cream and soda water.

The big white birthday cake had on it 68 yellow candles. Those present were: Mr. Dennis Lindsey, brother of Mr. Lindsey, Mr. and Mrs. Leslie Lindsey, Mr. and Mrs. Joe Lindsey and daughter, Jerry, Mr. and Mrs. Terry and two children, Mr. and Mrs. Collier, and four children, and as special guest, Mr. Jim Terry.

It was indeed a happy occasion. Would that many others would follow this sweet example.

The Herald and many friends wish for these good people many happy returns of the day.

**EPWORTH LEAGUE COUNCIL**  
This Council met Monday night with Miss Jewel Joslin.

The home was made attractive with white daisies and fern, and after all had assembled a business session was held. Their policy for the year was made out, financial budget made up for the year including forty dollars for the Kongo boat to be built for the use of the missionaries. After this a social hour was spent and light refreshments served.

### BIRTHDAY PARTY

On last Thursday afternoon at the home of her parents, Mr. and Mrs. Jack Ledbetter, Virginia celebrated her 5th birthday. Many of her little friends were there and they enjoyed games on the grass. Refreshments of ice cream and cake were served, after which came the cutting of the birthday cake.

With its five candles burning every one tried to blow them out. Little Callie Heath was the one to get the button. Then more games were played and every one said "they had a most pleasant time."

## EVANGELIST EVANS WILL LEAD REVIVAL AT BAPTIST CHURCH

MEETING WILL START IN CAMERON SUNDAY, JULY 4.—REYNOLDS WILL SING

What is expected will result in one of the most intensive evangelistic campaigns ever conducted in Milam county is the revival meeting which will begin at the First Baptist church in Cameron Sunday, July 4.

Evangelist Perry F. Evans of Fort Worth will assist the pastor, Rev. B. B. Blaylock in conducting the meeting. Singing Evangelists Mr. and Mrs. I. E. Reynolds will have charge of the music.

The services of Dr. Lee Scarborough, head of the Baptist Seminary, were secured several weeks ago, but on account of failing health at this time, Dr. Scarborough who started his ministry in Cameron and who is well known all over America, will not be able to conduct the meeting. Evangelist Perry F. Evans, who has been associated in evangelistic work with Dr. Lee Scarborough, was asked to conduct the meeting and has accepted the invitation.

Evangelist Evans is one of the greatest revivalists of his day and comes with the finest recommendations. He is not only a great Christian worker but a great speaker, and it is said that when he hurls his thunderbolt messages in the battle to make this world a better place in which to live, the devil gets out his steel helmet. Those who hear this evangelist will fall heir to a great revival treat; will hear a flaming message from a tongue of fire to sear the sins of a sinful age.

Rev. B. B. Blaylock, pastor of the church is now in Llano holding a revival meeting. He will return to Cameron in time to preach at the regular hours Sunday and Sunday night, and will be active in arranging for the opening of the revival meeting.

The meeting will be held on the lawn of the church. In a letter received here this week from Rev. B. B. Blaylock to Wm. Henderson, chairman of the publicity committee, the pastor says that adequate accommodation will be made for the convenience and comfort of the people attending the meeting.

An invitation is being extended to all religious faiths in the county to attend the meeting and the earnest co-operation of all those who will assist in the meeting is being asked.

A campaign of publicity was mapped out Tuesday afternoon by the committee appointed for publicity.

The meeting will in all probability be in progress for two weeks. It is expected that the church will be prepared by a series of special services for the coming revival.

### METHODIST CHURCH

The pastor will use as his subject Sunday morning at the Methodist Church "The Triangular Religion." A chorus of young people will lead for the first thirty minutes in the evening service in the singing of a number of popular songs after which the pastor will use as his subject one of the famous old hymns. The service will be one in which everyone can take a part and is calculated to be out of the ordinary.

The Sunday School meets at 9:45 a. m. and the Epworth League at 7 p. m.

### WOMAN'S AUXILIARY

The ladies of the Presbyterian church met Monday afternoon with a good attendance.

After a short business session Mrs. W. G. Gillis as leader took charge of an interesting program on "Foreign Industrial Schools," splendid paper on "Our School Work at Lavras," and "The Carrie McMillan Home" were read by Mesdames Dan Tyson, C. W. Lawrence and H. R. MaFadyen.

Mr. W. J. Bassett, of Temple, is a visitor in the home of his sister, Mrs. John Watson.

## Cooke Heads the Texas Press

### PAT NEFF TO SPEAK HERE MONDAY NIGHT

Pat M. Neff of Waco, candidate for Governor, will speak in Cameron at 8 p. m. Monday, June 21, in the interest of his candidacy for Governor. Mr. Neff will speak at a picnic in Davilla Monday at 2:30 p. m.

Announcement of the Cameron speaking date is made by O. L. Kidd member of the newly organized Neff Club and also by a statement for the press signed by Judd G. Davis who has been elected chairman of the Milam County Neff Executive Committee.

Mr. Neff has been in Cameron on several occasions and has made speeches here. He is actively engaged in promoting his candidacy for governor now that the presidential primary fight is over. Mr. Neff is a very forceful speaker and is entertaining.

The committee in charge of the speaking is making extensive preparation for the coming of Mr. Neff.

It is planned to push an active campaign all over the county for Mr. Neff and it is understood that organizations will be perfected in various sections of the county.

Following is the executive committee: Judd G. Davis, chairman; T. S. Henderson, B. P. Atkinson, U. S. Hearrell, E. A. Flinn, Roy Law, O. L. Kidd.

Mr. and Mrs. Tom Henderson, Jr. have returned from Austin where they attended Commencement and visited their sister, Mrs. Boyd Wells.

Dr. and Mrs. J. M. Gill spent one day last week in Cameron on their way to see their daughter graduate at the State University.

Dr. and Mrs. Jim Watson spent last week end with Mrs. Watson's mother, at Mooreville. The Dr. returned Monday but Mrs. Watson remained to attend their annual house party of all the children.

Miss Porter Stevens of Rockdale, spent Sunday with Mrs. J. W. Coleman.

Mrs. H. O. Harlow and little son, Howard, of Abilene are guests in the home of Mr. and Mrs. Tom Hamilton.

Little Misses Eloise Rogers, Martha Lou Hooks and Ruth Kemp returned last Saturday from a visit to their aunt, Mrs. Harkrider of Abilene.

Mr. and Mrs. Jeff Kemp and family are to leave Tuesday for a trip through Colorado in their Ford.

Miss Nina Carlton, of Temple, spent Sunday in Cameron visiting Mrs. Willie Davis.

Rev. Ira Key and family returned last Friday night from Galveston where they attended the Epworth League convention. Rev. Key reports an enthusiastic meeting and a delightful trip.

Miss Olive Henderson is away spending two weeks with her sister at Groesbeck. After that she will go to Waco to continue private lessons in violin.

Mr. and Mrs. Tom Henderson, Sr., went up to Waco Monday night to attend the Diamond Jubilee of Baylor University, of which Mr. Henderson was once a student.

Mrs. Robert McLane went to Waco Monday to be at the graduation exercises of her daughter, Miss Mary.

Mr. and Mrs. Smott and little daughter of Austin spent last week end with Mrs. Smott's sister, Mrs. Andrew Freeman.

Miss Susie Luce of Oklahoma is in the city visiting friends.

## Publishers Notice.

With the issue of Thursday, July 1, the subscription price of The Cameron Herald will be \$2 a year. The increase in the subscription price of The Herald is made necessary because of the unprecedented costs of production and the abnormal prices of print paper.

It is no longer possible to publish a paper for \$1.50 because of the conditions mentioned. The advance is long delayed, the management holding out to the last minute with the hope that conditions would become more normal and avert the necessity of increasing the price. However, many publications advanced early in 1919 and some have never been sold for less than the price to which we have advanced.

The management feels that this increase is negligible compared with the increased size and improvement made in The Herald as a newspaper publishing the news and maintaining a high standard of effort for the best interests of the territory it serves. We believe the subscription price ought never to have been lower than \$2 and that the public and our hundreds of readers will take the same view of this matter.

The management therefore gives due notice that after July 1 the subscription price will be \$2.

All subscription renewals up to July 1 can be made at the old price but will be limited to one year renewal.

All new subscriptions may be made at the old price to July 1 but will be limited to one year.

The publishers are facing a condition that is unparalleled in its seriousness. News print has advanced to 12 1-2 cents a pound with no relief in sight. And it can hardly be obtained even at these fancy prices.

Because of the unparalleled increase in circulation and the increased cost of production The Herald will advance its advertising rates on July 1. This increase is also justified by the same necessity which compels the management to advance the subscription price.

Young men between the ages of 16 and 18 who meet the physical test and accompanied by the permission of their parents or guardians will be enlisted in the United States Army.

A telegram announcing this change in recruiting men for the army has been received by Sergt. Maj. Jarvis, head of the local office in the federal building. This waives objection on account of age and will be received with pleasure by a number of young men here who, it is said, have been turned away on account of their age.

Special advantages in a vocational way are being offered as an inducement for enlistment in the army.

Messrs. Kirby Hale and John Millstead of Gatesville were guests in the home of Mr. and Mrs. A. J. Akin last Thursday and Friday. Mr. Hale is a nephew of Mrs. Akin. The boys were on a pleasure trip in their Ford and from Cameron they went to Bartlett.

Mr. and Mrs. J. J. Holik, of Caldwell and Mr. and Mrs. C. H. Sugarek of Beeville, were the guests of their daughter and sister, Mrs. Frank Lesovsky.

Mr. T. N. Lindsey spent last Wednesday and Thursday in Waco on business.

Hon. W. A. Morrison spent the latter part of last week in Dallas.

Mr. and Mrs. W. H. Triggs motored to Georgetown to take in the commencement exercises. Their son, is among the graduates, of whom they are justly proud.

Rev. McClung of Little River Baptist church and a student at the Baylor University in Waco, preached at the Baptist church Sunday morning in the absence of Rev. B. B. Blaylock who is conducting a meeting at Llano. He went to Waco Monday to attend the Diamond Jubilee of the University.

Mr. and Mrs. Elbert Martin have returned to their home in Cameron after a visit of several days with relatives in Houston. Mr. Martin is an employee with the local postal system and was given a vacation.

Archie McLeran and wife went to Houston last Thursday and from there they will go to Louisiana to visit relatives. Mr. McLeran is a rural mail carrier at Jones Prairie and is given a vacation.

Miss Matula, from Austin Training School, is visiting in the home of her uncle, Mr. and Mrs. B. P. Matocha.

Miss Sudie Hamilton of Sinton is in the city visiting in the Jim Coleman home.

Mr. and Mrs. W. Klawansky went to Waco Sunday to take their daughter for an operation. Mr. K. returned Sunday night.

Mr. William Rogers made a business trip to Lott Wednesday.

Little Miss Bonnell Neinst is on the sick list, being slightly indisposed this week.

Mr. R. D. Brown made a business trip to Waco Tuesday.

Mrs. Naomi McKathen and Miss Pearl Huddleston of Waco, are guests this week in the home of Mr. and Mrs. Joe Lindsey.

Mr. Anton Stecher made a business trip to Thorndale Friday.

Miss Mattie Brinkley of Flynn was shopping here Friday.

Miss Ella Schweda of Caldwell, is in the city, the guest of Mrs. E. O. Schiller.

## Rockdale Publisher is Honored by Houston Convention Texas Pressmen.

The great Texas Press Association, attended by more than three hundred delegates representing the publishing industry of Texas, closed one of the most successful meetings of its history in Houston last Saturday. It was in the nature of a home coming for the association which was organized in Houston nearly half a century ago.

John E. Cooke of Rockdale, publisher of the Rockdale Reporter, was unanimously elected president of the association. Mr. Cooke has served the association as vice-president and his elevation to the presidency comes as a well deserved honor in recognition of his services to the press of Texas and his own distinguished position as a newspaper editor and publisher.

Mr. Cooke was nominated from the floor of the convention as a publisher "whose efforts in behalf of the Texas press have written into its history many of the pronounced constructive achievements of the age." Mr. Cooke was not able to attend the convention owing to serious illness in his family and this unfortunate circumstance brought genuine regret to the hearts of all the Texas publishers.

Sam Fore, Jr., publisher of the Floresville Chronicle, is the retiring president, and in recognition of his splendid services the association presented him with a chest of silver.

Judd Mortimer Lewis, famous poet and now with the Houston Chronicle, was elected vice-president of the association. Mr. Lewis is loved by all Texas publishers and his efforts in behalf of the association has brought to him this well deserved compliment.

The association opened Thursday morning at nine o'clock in the ball room of the Rice Hotel. President Fore delivered his annual address. The association adjourned until Friday.

The delegates were guests of Senator Lynch Davidson now candidate for Lieutenant-Governor, in a cruise down the Houston ship channel, out to the Gulf and Sylvan Beach. Here the pressmen went ashore for lunch and were addressed by Senator Davidson. The Senator left nothing undone for the pleasure of the press men and women who saw many things of interest along the channel and gulf as his guests.

Among the points of interest was the San Jacinto battle ground and the spot marked by a marble shaft where Santa Anna was captured. Further down the channel is the famous Goose Creek oil field. Great steamships are now anchoring at Port Houston and playing to foreign markets.

Thursday night the pressmen were guests of the Houston Chronicle at a theater party in the Majestic.

Friday morning the convention opened with a pre-arranged program and was in session until noon when the delegates went aboard a special train for Sugarland as the guests of the Sugarland Chamber of Commerce. At this industrial center the press delegates were served with chicken lunch and were met by Governor Hobby and Robert E. Thomason, speaker of the House of Representatives.

In the afternoon guides piloted the pressmen through the sugar mills and the famous Seelye mattress factory. They were addressed by the governor, Mr. Thomason, Clarence E. Gilmore of the railroad commission, Lieutenant Governor Johnson, and others.

Friday night on the roof of the Rice Hotel the press men were banqueted.

Saturday the convention resumed business and the election of officers concluded the program. They then went to Galveston aboard special train as guests of the General Oil Company. Supper was had near the wild waves on a siding where the train was allowed to stop.

Selection of the place to hold the convention in 1921 was left to the executive committee. Galveston has asked for the convention as has McAllen near the border.

Publishers who attended the convention from Milam county were Thomas N. Herring, editor and publisher of the Cameron Enterprise, and J. B. White, editor and manager of The Cameron Herald.

## COTTON CLASSER FOR YEAR SIGNED

CLUB SIGNS CONTRACT AND MONEY HAS BEEN RAISED TO FINANCE THE OFFICE

T. R. Depew of Austin, cotton classer, will have charge of the Federal Cotton Classing Bureau in Cameron for the ensuing year.

The Commercial Club at its last regular meeting voted to sign the contract. The finances are guaranteed by three banks of Cameron as embodied in the agreement.

The cotton office will be opened in July. It will be financed this year by the aid of farmers who have become interested in the classing of cotton.

The business men, farmers and citizens have gone over the top with the subscription for the classing office.

## INTERESTING TALK BY RED CROSS WORKER

### RED CROSS SECRETAR EX- PLAINS NEED OF HIGH SCHOOLS IN SOUTHWEST

Some of the needs of the Southwest from a Red Cross point of view were set forth in an address by Miss Susan Ramsey, Director of the Bureau of Education of the Southwestern Division of the Red Cross at St. Louis, in an address a few days ago before one of the adult classes of one of the city's leading Congregational churches, Miss Ramsey, in the course of the past year has made extensive trips throughout Missouri, Kansas, Texas, Arkansas and Oklahoma.

The Red Cross worker mentioned high schools as a great need in rural districts. Many farmers opposed the rural high school because it increased their taxes. "It is a harder matter," she said, "to interest some of them in their boys and girls than in their hogs and cattle. A story is told in one district that I visited of a farmer who had a baby in the family, and when the baby cried at night he grew weary of it and gave the child to his wife, saying he 'had to have his sleep.' A few hours afterward the wife was awakened by a light in the room and was surprised to see her husband preparing to go out. 'I hear a pig squealing out in the barn,' he said, 'and I want to find out what is the matter with it.' The question arose, Why was he more interested in the pig than in the child? And the answer was that the pig had a thoroughbred father.

"There is a large, beautiful building in Missouri, built especially to house the pedigrees of Poland-China hogs. It contains vaults, in which these pedigrees are preserved. In the State of Missouri there is no such pains to keep the birth registration of babies, as there is for Poland-China hogs. There are parts of Missouri in which a baby can be born without any record being made of it. This is not the case in St. Louis nor in any of the large cities. But there is no legal machinery in outlying districts capable of compelling a registration of the birth of a child. This caused us great difficulty in our work among the soldiers in and after the war. Their claim had to be based on a certificate, and in many cases there were no birth certificates, because no record had ever been made.

"Also, a drop of silver nitrate should be dropped into a young infant's eye to prevent blindness. There ought to be a provision, right in the birth certificate, for having that done. In none of the states I have visited is there any such provision.

"I heard the story, while I was on tour, of a young woman who should have inherited a certain bit of property, but her inheritance hinged on the fact of whether she was born on a certain day. This could not be proved, until finally someone happened to remember that certain Jersey calf was born on the same day as this girl had been. They went and found the birth date of the Jersey calf and thus proved the girl's birthday."

Miss Ramsey also spoke strongly on the need of closer regulations as to the guaranteeing of contagious diseases, mentioning several cases of smallpox which had been carelessly handled in rural districts.

### SALARIES OF SOUTHWESTERN PROFESSORS ARE INCREASED.

Georgetown, Texas, June 11.—The board of trustees of Southwestern University adjourned after a three days' session of unusual importance last night. The board took all legal steps required to put Southwestern in line with the plans of the educational campaign commission of the Methodist Church and arranged for financing the institutions part of the campaign expenses. Provision was made for substantial increase in the salaries of all professors.

Fifty ministers and laymen from all sections of Texas pronounced this one of the most successful years of Southwestern University and the outlook for the future most encouraging.

## NORTH TEXAS OIL YIELD INCREASES

### DAILY AVERAGE OF WICHITA FALLS DISTRICT REACHES 100,550 BARRELS

Wichita Falls, Texas, June 11.—The Iowa Park district production increased to 4,000 barrels daily average during the week and this, coupled with a 1,000-barrel gain at Burkburnett, sent the total for the district to 100,550 barrels daily. Last week the total average was 99,150 barrels. Completions in the Waggoner district include:

Missouri Oil Corporation No. 2 Morgan, 600 barrels.  
Sioux Oil and Refining Company, two wells on George; total 600 barrels.  
Berk Sheffield Oil Company No. 3 George, 400 barrels.  
Seven smaller completions totaled 500 barrels initial production.

### BLAYLOCK HOLDING MEETING - IN LLANO BAPTIST CHURCH

Rev. B. B. Blaylock, pastor of the first Baptist church in Cameron is now in Llano holding a revival meeting for the Baptist church in that city. Rev. Mr. Blaylock will return to Cameron in time to preach at the morning hour Sunday. This announcement was made from the pulpit Sunday morning.

In the Texhoma pool the Texas Interstate No. 1 Robertson is making 250 barrels.

There were two completions totaling 80 barrels at Electra. A packer was delivered by airplane from Tulsa for use in K-M-A. No. 4, which will be drilled in shortly.

## Cornell-Wood-Board

Triple-sized, takes the place of plaster—for Walls, Ceilings, Partitions, Repairs, Alterations and New Work

## Will You Rent Your Attic for \$20 a Month?

SPARE space now brings big returns—which explains why thousands are finishing up their attics, basements, spare rooms and other waste spaces with attractive Cornell Wood Board walls and ceilings.

A few dollars spent for Cornell will quickly add a guest chamber, nursery, cozy sewing room, den, office or shop.

### Triple-Sizing Protects Against Moisture

Architects, carpenters and builders favor Cornell, because it is sized internally, to resist moisture, expansion and contraction, especially in damp weather.

Also because of Cornell's Mill-Primed surface (both sides), which saves you the cost and labor of a priming or sizing coat. The

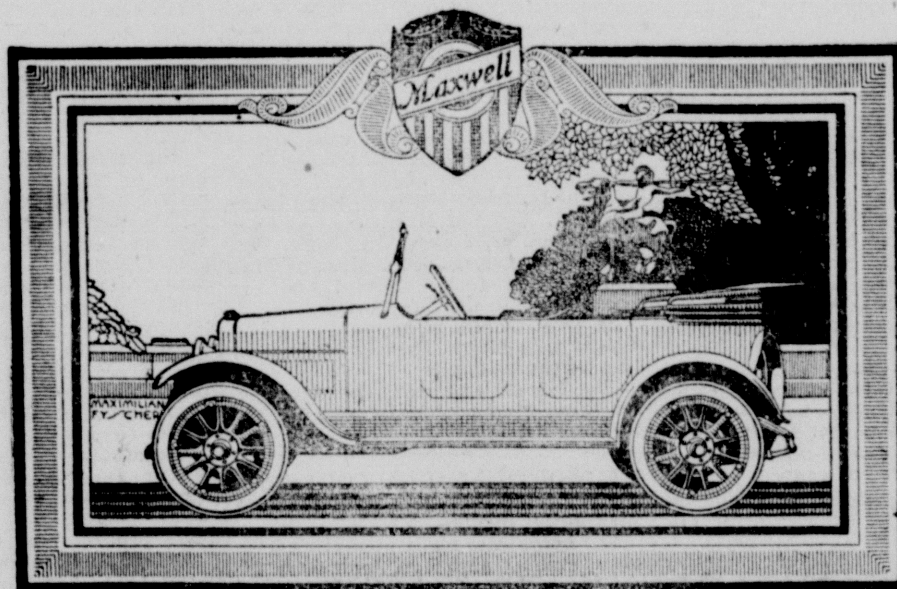

oatmeal finish takes a perfect spread of paint.

The 32-inch width called "Cornell 32" is a special Cornell feature which produces charming panel designs for hallways, small rooms and borders. Guaranteed not to warp, crack, buckle or chip, if directions are followed.

Stop in today and learn how you can quickly and cheaply add a room with "Cornell 32"

Cornell comes in 32 and 48 inch widths, called "Cornell 32" and "Cornell 48"—8 different lengths, 6 to 16 feet

The Thrift of a

# MAXWELL

comes from its special steels

Nearly 400,000 owners know well how thrifty a Maxwell really is.

Men in the trade in selling other cars often use the expression "as thrifty as a Maxwell."

Special steels are the underlying cause of Maxwell's thrift.

These are steels, made to Maxwell's own formulae, after years of tests, analysis and study, which make possible the ideal construction of great strength and light weight.

They give a Maxwell the

ability to stand wear, strain, twists and jolts that other cars much larger and heavier would have difficulty to resist.

But they make a Maxwell light. They eliminate useless weight; they ease the burden on the engine and thus gas, oil and tires render long mileage results.

Hence, the ever growing respect and admiration for Maxwell the world over; and its consequent fast growing numbers. Nearly 400,000 in use today; a year hence 500,000.

## OAKDALE NEWS

By Mrs. S. Hause

Oakdale, June 14th.—Nice cotton growing weather and every one seems to be well pleased with everything.

Mrs. Lettie Shelton went to Huntsville Saturday to attend the Summer Normal.

Mr. and Mrs. A. R. O'Neal were Cameron visitors Saturday evening.

Mr. and Mrs. Andrew Pfardrescher of Ad Hall came to see Mrs. Frank Pfardrescher Sunday at her brother's, Mr. Clyde Hensley, and as his mother, Mrs. Sallie Hensley has returned from Houston they all had a very pleasant day. Mrs. Hensley came to be with her mother, Mrs. Westbrook, who is 86 years of age.

Mrs. Wimberley was sick most of last week. She was not able to go to Temple last Thursday as she expected. She was to go with Mrs. Sid Hause, who went that day, and they both were disappointed.

Mr. Jean Mobley's little child has been very sick. He thinks it has typhoid fever.

Mr. Will Addison came to see his children Saturday, went with them and their grandfather, Frank Fasel to Milano. He returned home by way of Cameron Sunday evening.

Mr. and Mrs. J. D. Link, daughter, Cora May, and Ed Hause came to spend the day with Sid Hause Sunday. Mr. Link is a merchant at Silver City.

Mrs. A. W. Belt seems to be great deal better now. The writer was over there Saturday evening and spent a very pleasant time.

Mr. Oscar Crawford and family went to Cone Switch Sunday to see relatives.

Mr. and Mrs. Calvin Pressley and children of Cameron came to Mr. H. B. Pressley's last Thursday and they all went berry hunting near Milano.

Bro. Hodge preached for the Prospect people Sunday morning and had a very nice crowd.

There were several who attended from Hoyte.

Mr. John Baldwin was attending business in Cameron Saturday.

Little Miss Minnie Thompson is home after spending another year in Austin at the Deaf and Dumb Institute.

Mr. Homan Thompson of Prospect, took dinner with Sid Hause Sunday while his wife went to church.

## FINE ANIMALS FALL PREY TO SHARKS IN WATERS OUTSIDE HAVANNA HARBOR

Havana, June 7.—Hundreds of fine steers stampeded on board of the American steamer St. Charles outside of Havana harbor, Saturday afternoon and after creating a panic on board the ship, they plunged into the sea where they became the prey of sharks which infest the waters off Moro Castle.

Except for a comparative few that swam ashore and are now wandering about in the suburbs of this city, all of the 800 steers on the St. Charles are believed to have perished.

Sanitary officers who inspected the vessel on her arrival Saturday were alarmed when they found 130 dead steers in the hold of the ship. They ordered the captain of the St. Charles to put out to sea and there throw overboard the carcasses of the cattle that had died. While the crew was engaged in this onerous task, the steers broke down their corrals and ran amuck.

## A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

## LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Indigestion.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c.

Made and recommended to the public by Parke Davis & Co., St. Louis, Mo., manufacturers of Corvo's Tonic and other Tonic.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00. JAMES F. BALLARD, Prop. St. Louis, Mo.

Mr. J. H. Taylor has had his nephew of Alabama several days last week. He tells of a swimming hole that has been there ever since Mr. Taylor lived there. It is not like little River bathing holes, for they move from one place to another.

There were several of the Cameron Oil Refining men at Milano Wednesday. We learn that they leased or bought several acres of land from Mr. Joe Burnett who has several hundred acres in charge.

Milano will soon have most as good lights as Cameron. They are installing light systems at different places.

Mr. Pete Crawford near Cone Switch gave an ice cream supper Saturday night. He had all his relatives in Cameron, Mr. John McLerran and his children.

Frank Fasel, Jr., Ray Thompson and his brother went on a lone scout hike, took their dinner, went up on some of the high mountains that we have near Milano, spent the day pleasantly, came back home and played some games before bedtime. They went to work the next morning happy.

## SAGE TEA TURNS GRAY HAIR DARK

Its Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it

## ALKALI IN SOAP RUINS HAIR

Most soap contains free alkali, which is very injurious to the delicately constructed scalp, and causes the hair to become dry and harsh. Careless and incorrect shampooing frequently causes the pores of the scalp to become clogged and thus the hair roots fail to receive nourishment and air. In this state the tissues are weak and become an easy prey to attacking germs such as dandruff.

Great care should be taken in choosing a shampoo which is free from any injurious substance, is pure, cleansing, mildly antiseptic and tonic in effect. There is such a shampoo on the market—Splenox Coconut Oil Shampoo. Its beneficial effects have aided in renewing health and beauty in the hair of many men and women.

A few hair health and beauty rules:

1. Wash and disinfect your brush and comb regularly.

2. Tight hats or methods of hair dressing that bind the hair interfere with scalp circulation.

3. Give the hair frequent air and sunlight baths; but do not expose to the direct rays of the sun when it is wet.

4. At the first sign of dandruff apply Splenox Guaranteed Dandruff Remedy regularly till the scalp responds to the treatment.

5. Shampoo regularly—men once a week, women once a fortnight—with Splenox Coconut Oil Shampoo.

Splenox products are absolutely pure and reliable and are scientifically prepared to promote health and beauty to the hair. Made by The Splenox Co., Dallas and Philadelphia.

## Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

## CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage Sulphur Compound" now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

## PRIZE WINNING LETTER TRADE AT HOME

(By Mrs. W. A. Gillon.)

Trading at home develops the booster spirit in a community. It creates a mutual feeling of good-will between merchant and patron that leads to community progress. It brings confidence and faith for the future and instills civic pride in the community. Without civic pride a community is dead. For these reasons alone, everyone should trade at home.

Is it not worth while to live in a flourishing community, a community that is constantly looking and moving forward? Would you not rather live in such a community than in a backward, listless place where the biggest ambition of the people is to live one day more, where their vision into the future is just one day? Yes, there are just such communities in this great and glorious country of ours and they are the direct outgrowth of trading away from home.

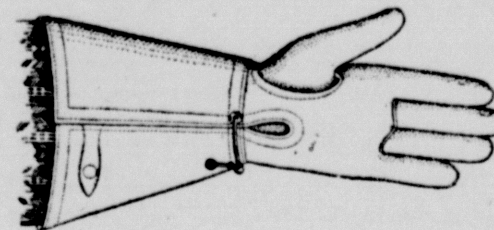

The home merchant is a necessity in a community. No one denies that fact. He is used in times of expediency by everybody, even though they may pass him up when the occasion is not pressing. When people want something quick, have to have it and

can't wait to send to Dallas, Houston, Fort Worth or New York, they go to the home merchant.

The home merchant gives service. He satisfies these urgent wants readily and courteously. He displays his entire stock gladly that the patron may secure just what is wanted. He wraps up the packages and delivers it.

But how often is this service not appreciated. Narrow minded people will inevitably contend that the home merchant is nice to them because he wants to get their business so he can rob them. They fail to see good intention in anything except the highly colored, attractive pages of mail order catalogues.

Sure the home merchant wants your business. He is willing to give the best service possible, sell the best goods the market affords and asks prices as low as any legitimate competitor in the world. But to do this he must have home support. The home merchant can not maintain a high class store unless he receives whole hearted home patronage.

## HOPELESS DISEASES CAN NOT BE CURED BY DOCTORS OR MEDICINE

There are some diseases which are absolutely hopeless and past cure by any physician or medicine, but they may be palliated and a medicine, if it does not help in one case, may help in another. To any one suffering from a disease a remission is a degree of health and a medicine that relieves or palliates a disease is of great benefit. We can not guarantee to cure any disease with Number 40 For The Blood, but we quote word for word what the ingredients in 40 are recommended for in the U. S. Dispensatory and New American Materia Medica: "In the treatment of blood troubles an acknowledged remedy among all schools of physicians, removes the cause of disease, stimulates the removal of waste, thus indirectly encouraging nutrition. Disorders of the nervous system demand this remedy, such as neuralgias, chronic rheu-

## OAKLAND SIX

34 C

We have just received a shipment of a New Model Oakland Touring Car and have it on display in our sales room. We would like to have you call and inspect this new model as changes have been made over the previous model that make it the most sought after of the Six Cylinder Cars of the market today.

The New Model has many features to improve it over the previous model. The body of the new model is larger and elevated to give the stream line a more desirable affect; better springs insuring greater riding comfort; better arched fenders and better material and such changes as would improve the car in every way.

The New Oakland is the greatest achievement of automotive engineering.

## THE BIG ELK

**Dollars Are Seeds to Be Sown In the Field of Investment.**  
**WILL YOU REAP A GOLDEN HARVEST?**

We are offering the one big opportunity of the year in placing the stock of the Big Elk Refining Company on the market to investors both small and large. We have gone over the situation here in a careful and thorough manner and recommend this exceptional investment proposition to those who would advance a step in improving their chances of success.

**Don't succumb to the world old curse of poverty.**

We are going to build a 2000 barrel Refinery in Cameron to refine the oil already in paying quantities in Milam county fields. Drills are going day and night. The big strike will be made here. Now is the time to get in. It is the first clarion call of OPPORTUNITY to you. Refineries make multiplied millions of dollars annually for stock holders. Don't worry about where we will get the crude to refine—It's already here.

Oil must be refined. Shortage is enormous. Prices mounting. Come with the BIG ELK and win. Pioneering means everything. Don't wait. Send in that application TODAY.

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma

NET PROFITS of \$107,800.00 were made. Of this the land owner made \$5,450,000, the broker made \$2,400,000 company made \$10,790,000 and the refinery company that bought and refined the oil made \$86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first

eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders \$2,350 for each \$100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground

floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy, Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

### What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals \$4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals \$1890 daily.

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals \$1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals \$420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals \$1728 daily.

Gross daily income \$9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at \$2.40 per barrel.....	\$4,800.00
Fuel, Labor and Water per day.....	250.00
Insurance and Depreciation.....	50.00
Overhead and Miscellaneous.....	50.00

Total Daily Expenses .....\$5,150.00

ACTUAL TOTAL NET DAILY PROFIT \$4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of \$1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

## THOMASON DECLARES NEFF NO FRIEND TO NATIONAL SUFFRAGE

CITES LETTER WRITTEN TO  
CAMERON WOMAN TO PROVE  
HIS ASSERTION.

Austin, Texas, June 14.—Speaker R. E. Thomason made a vigorous address in the House of Representatives tonight in behalf of his candidacy for Governor and was given a highly enthusiastic reception by the audience which greeted him. The hall and galleries were packed to overflowing.

"I observe from the daily papers that an authorized spokesman for Mr. Neff at Dallas a few nights ago severely criticized and condemned me for having voted against submission in the early days of the Thirty-fifth Legislature and charged that I was lined up with Governor Ferguson in that fight.

"The truth is that I did vote against submission at that regular session, because my district had voted against submission and I have never yet failed to carry out the instructions of my district on any question. I have supported prohibition in Cooke County, also in El Paso County. I helped to make the fight for local option in El Paso County when it was a hopeless task. The first race that I made for the Legislature was on a platform that I would do everything in my power to help amend our election laws so as to eliminate the illiterate foreigners. I am the author of the present literacy law requiring every voter to make out his own ballot unless over 60 years of age or physically disabled. I actively supported woman suffrage in that same race, because I wanted to trade off the Mexican men for the American women. I think I did right in voting the instructions of my district, but if there be those who think I did, I paid that debt with interest, because later I was joint author of the zone bill which was the first law to really make Texas dry. I later supported statutory State-wide prohibition, as well as voted for the ratification of the national amendment.

"After I had discharged my obligation to vote against submission I told my people that I was going to vote for these other measures and they re-elected me without opposition. It is, of course, a joke for any man who knows my legislative record to say that I was ever in harmony with Governor Ferguson, as I was a member of the board of managers of the impeachment trial, as well as wrote the first investigation report. It comes with poor grace from a supporter of Mr. Neff to accuse me of such because after the Legislature had condemned the action of Governor Ferguson in the purchase of automobile, groceries, etc. Mr. Neff appeared as leading lawyer in the 'chicken-salad' case of Middleton vs. Terrell.

"It also comes with poor grace from the friends of Mr. Neff who saw fit in Dallas a few nights ago to attack my record and to praise Mr. Neff for his alleged support of woman suffrage when I have a copy of a letter written by Mrs. W. E. Spell of Waco, who is one of the delegates at large to the national convention, in which she writes to a woman in Cameron that she was in charge of the woman suffrage campaign at Waco last year, and that Mr. Neff declined to sign his name to any indorsement, and that she had asked Dr. Brooks to telephone him and that Dr. Brooks told her that Mr. Neff would not indorse the move. She also says in the same letter that Mr. Neff refused in every way to assist her in the campaign. I have given my active personal and official influence toward enfranchising the women of this State.

"I also notice where Mr. Neff sought to leave the impression at Wichita Falls that I should not be elected Governor because I lived in the western portion of the State, and to use his expression, 'live nearer to San Francisco than I do to Wichita Falls.' I did not know before that it made any difference from what section a man comes, just so he has the character and ability to fill the office he seeks with credit. I do not know whether Mr. Neff wishes to divide

Texas or not. We now have a distinguished Senator who lives very near the Arkansas line, and we have had many distinguished public men who came from near the eastern border of the State.

"I favor the payment of a poll tax and have been misquoted about my position concerning same. I believe that all persons should be required to pay something toward the support of the Government. I have said that I thought we should promptly amend our Constitution so that none but American citizens could vote in any of our elections. And, after that is done I believe the people could, with safety, pass a registration law, requiring every person who wishes to vote to make out a registration receipt in his own handwriting and in the English language.

"I don't believe that, as a matter of principle, a full-fledged American citizen should have to pay for the right to vote in a free country. I would require the payment of a poll tax, but not make it a prerequisite for voting, provided we have a complete registration system. I know there has been gross abuses of the poll tax law, as shown by the testimony on both sides of the Parr-Glasscock contest last year. Clean elections have been my hobby, and while I favor a strict registration law, coupled with a literacy test, yet I believe American citizens should be encouraged rather than discouraged in taking an interest in public affairs. I believe that few country women will vote so long as they must pay a poll tax. I also want to see the time for qualifying for voting made later in the year, when there is more interest shown. Anyway, no change can be made except by a vote of the people, but these are my views frankly expressed."

### HERRERO INSISTS PRESIDENT CARRANZA COMMITTED SUICIDE

Mexico City, June 11.—Circumstances attending the death of former President enustiano Carranza were not fully cleared up by the federal court of investigation today, although it remained in session for ten hours. Gen. Rodolfo Herrero, who commanded revolutionary forces which attacked the Carranza camp at Tlaxacalan-tongo, insisted Carranza committed suicide, when wounded and abandoned by his companions.

He was confronted with the friends of the dead president, including General Barragan, Gen. Francisco Murguia and Gen. Federico Montes, but insisted upon the accuracy of his story.

Examination of General Herrero failed to reveal definite particulars of the tragedy and no one has been found who is able to testify from personal observation how Carranza met his death.

Miss Isabelle Camp of San Gabriel, spent last Friday with Miss Mildred Chambers.

Miss Grace Lindsey left last Sunday to spend a week with her sister, Mrs. Walter Stitt at Taylor.

### THE MEN'S ADULT BIBLE CLASS, CAMERON BAPTIST CHURCH

That was a beautiful, and deserving tribute paid their teacher when Mr. W. J. Walker was greeted last Sunday by a large and enthusiastic class numbering almost forty. The occasion was the last meeting of teacher and class before Mr. Walker goes to Waco to take up his duties as teacher in the Baylor University Summer School which begins June 21.

The Men's Adult Bible Class was organized nearly six years ago with four members viz: Capt. Jno. B. Wolf, Geo. S. Mangum, Rev. M. W. Mitchell and W. J. Walker. The growth of the class has been steady—nothing spectacular or sensational in the methods employed, but men have been solicited to join because they would find a hearty welcome, a splendid fellowship and withal a delightful place to spend an hour in the study of God's word. Along these lines the largest class in the city has been built up. It is a noteworthy fact that the class has numbered among its members Baptists, Methodists, Christians, Catholics and men without any church affiliation, thus demonstrating to the world that a great fellowship and a spirit of brotherly love can prevail even among men of different creeds.

The work of the class has been in keeping with its original aims and purposes, namely to bless mankind for since its organization dozens of lives have been blessed and they have walked in a closer fellowship with God and their fellows, they have been reclaimed for service and others have entered into a new service for the Master; no worthy appeal for help of any kind has been refused; many men individually have been helped in a financial way; hundreds of dollars have been contributed through the church to Buckner's Orphan Home, Missions and Central Baptist Sanitarium, as well as other worthy enterprises of the church.

The class is fully organized and the work so distributed that each one has a part to perform and the beauty of it is that each one does his part and all work harmoniously together for the success of the class as a whole. The officers at present are: Rev. M. W. Mitchell, President; S. M. Burns, Sr., Vice-President; J. J. Andrews, Secretary; T. A. Casey, Treasurer; W. J. Walker, Teacher; C. C. Kirtley, Assistant Teacher; J. B. White, Reporter.

While Mr. Walker has been untiring in his efforts to promote the interests of the class he takes no credit to himself for the success attained but very graciously attributes it all to the good work done by the members themselves.

In Mr. Walker's absence, Mr. Kirtley will have charge of the class and it is the earnest desire of Mr. Walker that the men will give Mr. Kirtley the same loyal and sympathetic cooperation they have given him during all these years.

### TO WHOM IT MAY CONCERN

As a citizen and voter of Milam county, I am taking the liberty of calling the voters of the county as above mentioned, in mass meeting at Rockdale, Saturday, June 19, 1920, for the purpose of discussing and having discussed the American Party platform, looking to the organization of the American Party in Milam county for political action. If interested be at the city hall in Rockdale date above mentioned. E. W. STORK, Rockdale, Texas, Rt. 6, 7-1t.

### BELTON IS GIVEN 5,098 BY CENSUS

Washington, June 14.—The census enumeration for 1920 gives Belton, Tex., a population of 5,098, representing an increase of 934, or 22.4 per cent, according to information given out today by the census bureau. Belton is the county seat of Bell county.

Mr. and Mrs. Walter Stitt came down from Taylor last Sunday to attend the birthday party of Mrs. Stitt's father, Mr. T. N. Lindsey.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County, Texas.

Witness my hand, this 14th day of June 1920.

CHARLES H. SENS,

Constable Precinct No. 1, Milam, County, Texas.

## As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

### Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

## TO OUR FRIENDS AND CUSTOMERS:

Cameron, Texas, June 14, 1920

Having decided to discontinue the mercantile business in Cameron, and sold our stock to Messrs. Storrs and Wilkerson, we wish to take this occasion to thank you, one and all, for your liberal patronage and many favors in the past, and at the same time to wish for you health, wealth and prosperity for the future.

We heartily commend for your careful consideration, our worthy successors, Messrs. Storrs and Wilkerson, and trust you may give them the same loyal and liberal support that we have enjoyed at your hands.

Assuring you of our sincere appreciation we are,

Yours very truly,

## BAILEY'S NAME TO APPEAR ON BALLOT

### LIE IS PASSED AND COMMITTEE- MEN THREATEN FIGHT OVER ISSUE

Fort Worth, Texas, June 14.—By a vote of 16 to 4 the state democratic executive committee at its meeting here this evening decided to place the name of Joseph Weldon Bailey on the ballot as a candidate for governor in the July primaries.

Shortly after the announcement of the vote was made the lie was passed by H. S. Moran of Weatherford to John J. Simmons of Dallas, who acted as a proxy for D. S. Giddings of Brenham, and for a time physical encounter was threatened, friends interferred and the meeting continued.

The committee certified the names of the following candidates:

For Governor—Joseph Weldon Bailey, Pat M. Neff, McLennan county; Robert E. Thomason, El Paso county, and B. F. Looney, Hunt county.

For lieutenant governor—L. W. Culp, Bell county; Lynch Davidson, Harris county; W. A. Johnson, Hall county; J. C. McNealus, Dallas county; W. T. Pace, Dallas county, and R. E. Humphrey, Dallas county.

For attorney general—C. M. Cureton, Bosque county.

For state treasurer—John M. Baker, Crosby county.

For judges of court of criminal appeals—W. L. Davidson, Travis county; F. B. Martin, Gregg county.

For judges of supreme court—William E. Hawkins, Travis county; Wm. M. Key, Travis and Wm. Pierson, Hunt county.

For commissioner of agriculture—Sam H. Dixon, Harris; Geo. B. Terrell, Cherokee county.

For railroad commissioner—John L. Anderson, Dallas; Earle B. Mayfield, Bosque county.

For superintendent public instruction—Anne Webb Blanton, Denton; J. M. Carlisle, Nueces county.

For land commissioner—J. T. Robinson, Morris county.

For comptroller of public accounts—Sam H. Gordlet, Travis; Lon A. Smith, Henderson and Mark L. Winton, Hill county.

The committee unanimously voted for the selection of Fort Worth for its meeting in August.

### I. C. C. HAS BIG

#### ACCOUNTING JOB

Washington, D. C., June 16.—In a statement issued by the United States Civil Service Commission it is said that the Interstate Commerce Commission has on hand one of the heaviest accounting tasks that every confronted an organization.

The law which became effective on March 1, providing for the return of railroads to private control, has added tremendously to the accounting work of the Interstate Commerce Commission already heavy in connection with the physical valuation of common carriers.

Among other things, the new law provides for a fund of \$300,000,000 to be under the control of the commission, from which fund loans may be made to common carriers for their extension and general betterment.

The Civil Service Commission states that until further notice it will receive applications for a large number of positions of examiner of account under the Interstate Commerce Commission at salaries ranging from \$2,100 to \$3,900 a year. Applicants will be rated on their education, training and experience.

It is stated that the positions are principally in the field and offer opportunity for extensive travel at Government expense. An allowance for subsistence is made in addition to the salary. The 30 days' annual leave allowed Government employees is mentioned as a further advantage.

### AN ORDINANCE

An ordinance to regulate the location, construction and maintenance of privies and cess pools within the city of Cameron, Texas, and providing a penalty therefor.

Be It Ordained by the City Council of the City of Cameron, Texas, for the promotion of health and the suppression of disease:

Sec. 1. It shall be unlawful for any person owning any improved real estate or any other person to dig or use, or cause to be dug or used, any privy vault or cess pool, or connect any plumbing with a cess pool, or build or rebuild or cause to be built or rebuilt any privy, building, privy vault, or cess pool within the limits of the city of Cameron, Texas, except upon a written permit from the city health officer.

Sec. 2. No person shall suffer or permit any cellar, vault, drain, cesspool, or privy or sewer up on any premises belonging to or occupied by him within the corporate limits of the city of Cameron, Texas to become nauseous, offensive or injurious to the public health, and it shall be the duty of all occupants of property to keep all privies, privy vaults, cesspools and drains on the premises occupied by them in a clean and sanitary condition.

Sec. 3. It shall be unlawful for any person, firm or corporation, whether as owner, agent or employee, to have or maintain any privy or privy vault, cesspool, pit, or like place which is not securely protected from flies.

Sec. 4. No such privy vault, privy building, or cesspool shall be constructed within 20 feet of any house or residence, or buildings unless used as such nor within 2 feet of the property line of such premises.

Sec. 5. The floors and walls of all privy vaults shall be of cement, concrete, cemented stone, or other impervious material and must be smooth and level in surface.

Sec. 6. All vaults hereafter constructed must be not less than 4 feet wide (from front to rear) 5 feet long and 3½ feet deep below the floor and must be closely joined to the privy building, and ventilating pipe, of wood or other material, of not less than 6 inches in diameter shall extend from the top of the vault to 2 feet above the roof and of the privy building, and the opening at the top of this pipe must be securely screened to exclude flies.

Sec. 7. All privy buildings must be built according to specifications to be furnished by the health officer.

Sec. 8. All privy vaults, flush toilets, or other plumbing fixtures shall be disinfected whenever so ordered by the health officer.

Sec. 9. The cover of the seat in the privy building must be kept closed at all times when seat is not in use.

Sec. 10. The cover for the vault at the rear of the building must be kept closed at all times, except when the vault is being used.

Sec. 11. The door of the privy building be kept self closing by means of a spring, weight or other device, and must not be allowed to remain open at any time.

Sec. 12. No wash water, kitchen slops, or other liquid wastes, garbage, tin cans, crockery, or glass shall be emptied or thrown into any privy vault.

Sec. 13. No body waste or excreta from any person suffering from typhoid fever, dysentery, other serious intestinal trouble shall be deposited in any privy or privy vault, without being previously disinfected in such manner as may be approved by the health officer in conformity with regulations with the state board of health.

Sec. 14. All privy vaults without curbing, or with foul or rotten wooden curbing, or inadequate or partially caved, or otherwise defective in the judgment of the health officer, and all privy buildings too old or too dilapidated to be made to conform with the requirements of this ordinance, and all cesspools without curbing, or inadequate either in size or covering, or caved, or in any manner dangerous to the public health, shall be condemned by the health officer, and a new privy vault, privy building, or cesspool shall be constructed within not less than 10 days from the date of condemnation. In either case notice of condemnation must be posted on the premises and a copy served on the owner or his agent, or left at the residence or office of either.

Sec. 15. All contractors or other persons employing men constructing buildings, street improvements, or other similar work shall provide such temporary privies as shall meet with the approval of the health officer and must care for same as may be required by the health officer.

Sec. 16. No person or persons shall throw or deposit in any cesspool any garbage, tin cans, crockery, glass or other rubbish whatsoever, and the owner, agent or occupant of the premises shall be responsible for the condition of such cesspool as well as privy vaults.

Sec. 17. No person shall empty any vault, privy or cesspool or dump any refuse matter of any kind in the city of Cameron, Texas, without a permit from the health officer.

Sec. 18. No person or persons shall abolish, abandon or neglect any privy, cesspool, or vault containing any excrement, filth, or other offensive matter or fill up any such privy, cesspool or vault upon any premises owned or occupied by such person or persons or any premises whatsoever, unless such filth

or excrement shall first have been removed therefrom, and a permit for such abolishment or abandonment has been obtained from the health officer.

Sec. 19. It shall be the duty of the owner or owners, or agent of property or occupants, to keep all privy vaults and privy buildings and cesspools on property owned, managed, or occupied by them, clean, and to properly clean them whenever notified by the health officer so to do.

# SERVICE

Never, since before the war, have we been able to offer to the public such prompt and efficient service as now.

Our mechanical department has never been so efficient and so thoroughly organized as at present. Our service begins as you drive in, with a thorough inspection by a competent service man, who will diagnose your trouble and if it requires the use of equipment in the repair shop, it is sent with instruction to that department, where it receives prompt and efficient attention by skilled mechanics.

Our sales department is equally as well manned. We are selling more gas, greases and oils than ever before, for the simple reason that you get prompt and courteous attention when you drive up to our station.

Our friends who appreciate Good Service, who are not how patrons of ours will do well to try us out just one month and learn what good service is.

Yours very truly,

## TEXAS CATTLE ARE IN GRAVE DANGER

### COMING OF TICKS TO PASTURES WOULD KILL NEARLY ALL BEEF ANIMALS

San Angelo, Texas, June 11.—Discontinuation of the rigid enforcement of the provisions of the state tick eradication law, which is threatened in a decision handed down Wednesday by the court of criminal appeals in a case from Milam county, would completely ruin the cattle industry in Texas, in the unanimous opinion of San Angelo ranchman.

"Allowing ticks to again infest the country would kill every animal in this section," emphatically stated Abe Mayer, prominent cattleman, at the St. Angelus hotel Thursday.

The proposal is preposterous, it is agreed by everyone who owns stock, as the letting down of the bars, which it has taken years to erect through expensive dipping, would threaten with infection cattle in three-fourths of the state, already clean. Cattle that have been freed from ticks for years would be susceptible to fever and thousands would die. The value of every herd would decrease to a point that would threaten the owners with bankruptcy.

Unless the supreme court on an appeal, reverses the decision of the court of criminal appeals, Texas' only recourse is to the federal government, says Joe Montague, another local stockman. For several years, the bureau of animal industry has co-operated with the live stock sanitary commission of Texas in ridding the state of ticks, but the most of the work has been done under the state supervision.

Virtually all the San Angelo country to the border is clean, though a few counties still are under quarantine. Most of the "ticky" territory is in the southern part of the state, in the region along the gulf and west to the lower Rio Grande.

Cattlemen estimate that when a section is freed of ticks the value of cattle increased from \$2 to \$5 a head. The precarious movement of herds from one county to another, which would be permissible if the state tick eradication law become inoperative, would be spreading infection, cause losses to surpass this conservative estimate of the gain in instances where regions are cleaned up.

Under the state law at present, every ranchman who has "ticky" cattle is required to dip his herds at intervals of twenty-one days until the ticks have been destroyed. When interstate shipments are made from unclean territory certificates to the effect that the cattle are clean must be secured from the federal inspectors. In movements within the state, similar certificates must be obtained from

inspectors of the livestock sanitary commission. Even cattle going to market now have to be dipped, if coming from infected country.

The principal cost in dipping lies in the labor required to round up the cattle regularly and in providing vats and other facilities. The preparation used is not expensive, generally amounting to about three cents per head. Every ranch in west Texas has or has had its dipping vat and due to constant work, three-fourth of the state today is clean.

Tick eradication work in west Texas began ten or twelve years ago, many cattlemen taking up the matter before it was enforced by state law. In localities where ranches were located at a considerable distance from railroads, it was difficult to dip the stock and then drive them to the loading pens, for the reason that following dipping cattle become easy victims to the heat. Yet moving herds at night, this difficulty was overcome.

Where cattle in infested territory are being made ready for shipping to market, they must be dipped not oftener than seven days nor at greater intervals than twelve days; generally, two dippings are sufficient.

"One tick will infest an entire clean herd," said Abe Mayer Thursday, "and if the tick eradication law becomes inoperative, the movement of even a small number of 'ticky' cattle through this or any other territory might spread the fever. Such a thing must not be permitted to happen. If the law is not upheld, we must appeal to the federal government to safeguard us. Our work here has been done and paid for and not be undone because of the agitation of a few ranchmen in other parts of Texas."

### BUCKHOLTS NEWS By Audrey Criswell

Buckholts, Texas, June 14.—The Batte gins at this place are being repaired and put in good running order, before the oncoming cotton season arrives. Cotton in this section is needing rain very badly. Most of the farmers are about through with their shopping. Owing to the scarcity of farm laborers the price for their work is high.

Mr. J. H. Oliver was in Rogers Friday.

Miss Mary Louise Elliott is in Cameron where she will undergo an operation for appendicitis. Her friends hope for her a speedy recovery.

Miss Idell Harris will leave next week for points in Oklahoma where she will spend several weeks visiting relatives. She will be accompanied by her grandmother, Mrs. Will Harris.

Little Misses Pete Henderson and Genevieve Meyer of Fort Worth came in Saturday afternoon to spend a while here with their relatives.

Major Young is spending the summer in Branchville with his grandparents, Mr. and Mrs. Looney.

Mrs. Laura Watkins of Rogers spent the week-end here with her sister, Mrs. Tom Harris.

Mr. Joe Ruzicka was in Austin last week on business.

Miss Naomi Criswell left Thursday for San Marcos where she will attend the summer session of the Southwest Texas Normal.

Mr. Robert Janeck was in Cameron Thursday.

Misses Jennie May and Bernice Reeder of San Antonio are here to spend the summer with relatives.

Mr. and Mrs. Tom Allen were shopping in Cameron Saturday.

Mr. and Mrs. L. T. Lewis of Cameron were here Saturday evening.

The Sons of Herman gave a dance at their hall Saturday night. Music was furnished by the Bartlett Jazz Band. An unusually large crowd was

present.

Mr. Jack Logan of Cameron was here Saturday night for the dance.

Mr. J. M. Corley is greatly improving the appearance of his home here in town by having small repairs made and having it repainted.

Leland Holder, son of Mr. and Mrs. W. W. Holder, happened to the misfortune of getting his arm broken last week by falling off a horse.

To break up any case of chill, intermittent or malarial fever or as a general tonic take one bottle chill tonic with arsenic and you will be surprised at the results. Price 75 cents. Sold by Avera's Drug Store.

#### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

666 quickly relieves Constipation. Biliousness, loss of appetite and headaches, due to torpid liver.

### MISS MATLUA HONORED

The home of Mr. and Mrs. B. P. Matocha was thrown open in a most charming way in honor of Mr. Matocha's niece, Miss Matula.

Eighteen old friends gathered at this home last Friday night at eight o'clock.

The entire reception suite was in red, pink and white roses. As a diversion a most unique and novel contest was arranged.

The five senses were brought into play in this contest, touch, taste, smell, sight, and hearing. Articles were arranged and for touch the light turned out for a minute, and then a certain time was given to write down what they touched.

Each sense was taken up and much merriment afforded, especially over the sounds emitted from a closet of all kinds of birds and domestic animals.

Prizes were awarded to those showing the best papers. For touch Miss Weems and Mr. Palmer won the box of stationery, for taste, Miss Matula and Mr. Gurecky the box of candy, for smell, Miss Marek and Mr. Matula the bottle of perfume, for hearing a telephone to Miss Marek and Mr. Kunz, for sight, green eyeshade to Marek and Mr. Kunz.

Delicious punch was served throughout the evening and at the close Mrs. Matocha was assisted by Mesdames Will Yates and B. J. Matocha in serving ice cream and cake.

### SWIMMING PARTY

Last Friday morning at sunrise a party of young people under the chaperonage of Miss Olive McGehee and Mr. Joe Denson, took a dip in the Nat. Those composing the party were: Misses Mabelle and Mildred Akin, Alice Garrison, Ruby Caton, Nona Hubert and Louise Strubling, Messrs. Togo Joynes, Eugene Green, Clifford Barmore, Wiltz McCown, Richard Vest, Charlie Young, Harleigh McGregor, Lee Howell and Philip Reed.

### BOX PARTY

Last Friday quite a number of young people formed into a box party at the Wonderland theatre.

The party met at Dr. Hubert's residence and with Mr. and Mrs. Jim Sedberry of Galveston as chaperones, they paired off as follows:

Alice Garrison, Frank Plaster; Ruby Caton, Phillip Reed; Nona Hubert, Glenn Flinn; Wiltz McCown, Mabelle Akin; Mildred Akin, Ralph Joynes.

After the show the evening's pleasure completed with a treat at the ever popular Palace of Sweets.

### B. Y. P. U. PARTY

On last Wednesday night about thirty of the young people met at the home of Mr. and Mrs. F. J. Beckerman and enjoyed a delightful evening.

The home was beautifully decorated with mid-summer flowers. After all had arrived a word contest was in order and although the warm weather is hard on thinking brains some of them brought up excellent papers. Puzzles, too, afforded much amusement and all too soon the home going hour came.

Mrs. Beckerman, assisted by her daughter, Lillie Kate, served a delicious ice cream and cake.

### CLASS OF 1914 CELEBRATION

Last Friday night the class of 1914 of Cameron High School celebrated with a banquet at the Newport Cafe.

There were a good number there. The crowd met with Miss Sallie Kate McLane at 8:30 and after a social meeting marched down to the Cafe and found their places by dainty place cards tied with the class colors, blue and gold, with a plate favor of the class flower, nasturtiums. The table was beautifully decorated with the class colors and flower.

Menu—Fruit Cocktail, Chicken in Toast, Cream peas, Creamed Potatoes, Olives, Pickles, Light Bread, Crackers, Pie, Cake, Ice Cream, Black Coffee.

While enjoying this delicious repast delightful reminiscences of the old

school days were called up and discussed. Faces of those who were absent were called up and pleasantly remembered.

Six of their number were supposed to be happily married, while they were glad to find that only one had passed to that better land above. This one was Mr. Clark Childress, who so nobly gave his life for his country in the world war.

### RALPH JOYNES ENTERTAINED

On last Tuesday night at the home of his parents, Mr. and Mrs. John Joynes, Ralph Joynes entertained his friends. This pretty home was prettily decorated with cut flowers and about 30 of his girl and boy friends gathered for a stroll party.

Pretty engagement cards were passed and partners soon found.

Fruit punch was served and music on the Edison made the evening a most pleasant one.

Late in the evening cherry ice cream and cake was served and all declared they had a most delightful time.

Mrs. Joynes was assisted in entertaining by Mrs. William R. Rogers and Mrs. Strubling and Miss Lois Strubling.

### HOME BEAUTIFIED

The interior of the home of Judge and Mrs. John Watson has gone through a few weeks of what might be called, "chaos," but after a time of patience and good will terminated into "a thing of beauty and a joy forever." The rock mantle in the reception hall is an artistic creation out of old Milam county rocks, which the Judge and his old horse stumbled over many a time in his race for county judge.

Beautiful new wall paper and hard wood floors, and white enameled wood work throughout the entire reception suite and conservatory, with additional windows cut to emit more light indeed enhances the beauty of this home.

## "BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacids of Salicylicacid.

Get a Supply of Travelers Checks

A common misconception in the minds of those who have not experienced the convenience of carrying their travelers funds in the form of Travelers Checks, is that these checks are a substitute for cash.

They are more than that—they are an improvement upon cash. The difference is not alone in words—it is the difference that lies between convenience and inconvenience, between risk and safety.

They are issued in denominations of \$10.00, \$20.00, \$50.00 and \$100.00, and are good everywhere; they are accepted not only by banks, but by hotels, railroads, steamship companies and all business houses generally.

Immediately upon the delivery of Travelers Checks, the signature of the owner is inscribed in the upper left hand corner.

When cashing a check, the owner simply countersigns it in the lower left hand corner. The identity is established by comparison of the original signature with the counter-signature.

If Travelers Checks are lost we refund your money.

## HARDING CHOSEN PRESIDENTIAL NOMINEE REPUBLICAN PARTY

Chicago, Ill., June 12.—Warren G. Harding, United States Senator from Ohio, was nominated for the presidency today by the republican national convention after a deadlock which lasted for nine ballots and which finally forced out of the running the original favorites.

As his running mate, the convention named Governor Calvin Coolidge of Massachusetts, upsetting a plan of a combination of the Harding backers to nominate for the place Senator Irvine L. Lenroot, of Wisconsin.

The collapse of the forces of Governor Frank O. Lowden and the transfer in large part to Senator Harding put the Ohio candidate over.

General Wood lost heavily, however, when the Harding drift began and Senator Johnson, the third of the trio of leaders on the early balloting yesterday, also went steadily downhill.

Entering the convention four days ago as a candidate distinctly of the "dark horse" class, Senator Harding got only 64 votes on the first ballot yesterday and on the second he dropped to 56. When the convention adjourned last night at the end of the fourth ballot, he had 61.

In all night conferences among the party chiefs, however, he was mentioned many times as the most likely to break the nomination deadlock should neither Wood, Lowden nor Johnson take a commanding lead today. They all failed to do so, Wood and Lowden running a neck and neck race for leadership on four more ballots while the strength of the California candidate dwindled steadily.

Meantime, Harding pushed his total to 133, individual delegates from many states dwindling to him from the columns of the leaders and various favorite sons. The Johnson managers, fearing a landslide was impending, then made a last play to save the fortunes of their candidates. They moved to recess for a couple of hours in order to take an inventory and seek a new combination. The Wood and Lowden forces, both virtually at the peak of their strength but disheartened at the long string of ballots without material gains, fell in with the recess plan and the convention adopted it. In the dramatic succession of conferences that followed, the fate of the candidates virtually was sealed. Some of the Wood and Lowden managers tried ineffectually for an agreement which would hold their delegates in line and kill off the Harding boom. Some tried to get a Wood-Lowden-Johnson agreement to adjourn till Monday without making a nomination. There also was a conference between Johnson and Harding supporter in which the Ohioan's supporters tried without success to have the remaining Johnson strength

swung to Harding.

It was the parleys between the Harding and Lowden men, however, which apparently bore the most fruit when the balloting began again, for Governor Lowden came to the convention during the ninth call and reversing a previous plan to go before the convention itself, issued instructions from behind the scenes releasing his instructed delegates. Senator Harding also was in the rear of the coliseum platform during the voting and conferred with Chairman Hays.

Almost as soon as the alphabetical call of states began after the recess, the ground swell for Harding demonstrated that it could not be forestalled. Connecticut, when her name was called, took thirteen of her fourteen votes from Lowden and gave them to Harding. In Florida, he got seven from Wood, and then Kentucky, almost from the first a solid Lowden state, flopped completely into the Harding column.

Amid scenes of rising enthusiasm, other blocks of Lowden delegates fol-

lowed suit while many of the routed Wood supporters also went into the Harding camp. By the end of the roll call, Senator Harding had rolled up a total of 374, putting him far into the lead and several score of votes nearer the nomination than any candidate had been before.

Lowden at the end of the ninth had only 121 votes left out of the 307 with which he entered the eighth and General Wood's strength had fallen from 299 on the eighth to 249 on the ninth. Johnson dropped from 87 to 82.

## To Keep American Ships on the Seas

For the first time since the Civil War we have a real merchant marine. It cost us \$3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the upbuilding of our merchant marine—

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress;

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."

## OFFICIALS IN BIG AUTO THEFT PLOT

### CONFESSION SHOWS CHIEF OF POLICE PAID \$100 A CAR TO KEEP QUIET

Dallas, June 13.—One of the most notorious gang of automobile bandits in which several Texas peace officers are implicated, has been broken up with the arrest of six men and a woman during the past few days, according to the local detective department.

The officers involved, including a chief of police, a deputy sheriff and a justice of the peace, have not yet been arrested, but will probably be taken into custody within the next few days.

In a confession one of the men it was stated that stolen automobiles were turned over to a garage at \$400 a piece, and that the chief of police was paid \$100 on each car to "keep quiet."

The justice of the peace also received his share of the loot.

The confession also states that the bandits, who were well organized, were responsible for numerous safe robberies which have been staged in Texas.

Eleven stolen automobiles have been recovered.

It is said that perhaps scores of other cars are still missing.

Itching disease can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Pace-Marshall Drug Co.

### EXPERIENCE PROVES QUININE IN CAPSULES UNRELIABLE

Several years ago a doctor called at my drug store and stated that he was getting no effect from quinine given in capsules to Mrs. ——. I answered "This is reasonable as quinine in capsules as well as pills and tablets is sometimes passed by the patient unchanged. Upon investigation he found this to be the case with this patient and was compelled to give quinine in liquid form to get any results." J. C. Mendenhall, 46 years a druggist, Evansville, Ind. ### WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Cameron people recommend Doan's stronger proof of merit?

Ask your neighbor.

Melvin Weems, E. 2nd St., Cameron, says: "My kidneys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change in the weather, my kidneys would bother me by acting too freely. There was a sediment in the secretions and they smarted and burned in the passage. My back got lame, and the muscles all through me were lame and sore. I had taken all kinds of medicines but didn't get any help at all. I called on the doctor here for advice and he told me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kidneys have been strong and in good shape since then. I very gladly endorse Doan's Kidney Pills."

"Soil ownership is the salvation of any country. The more people who own land, the less likelihood of destructive radicalism. When a man acquires property, even if that property is only a balky mule, he immediately loses any anarchistic ideas he may have previously entertained. Ownership of property makes men believe in property rights and property protection.

And yet, before the establishment of the Federal Farm Land Banks, railroads and other big interests could borrow all the money they wanted at 3 1-2 per cent interest, on bonds running for fifty years, while farmers, having the best security on earth—the land itself—had difficulty in borrowing money at 10 per cent to enable them to go ahead and develop or improve their land.

The establishment of the Federal Farm Land Bank System was the greatest boon to agriculture that has happened in America in the last 100 years. Our entire national life and security are based on agriculture, and anything which promotes the interest of the agriculturist makes for a stronger nation and a better race of people."

## PUBLIC NOTICE

I have sold my Tire Store business to Bismark and August Horstmann; the former is one of my former workmen and a good one; he will have charge of the shop and will retain my old force of workmen also; the same policy will be adopted as was used by me and satisfaction guaranteed on everything.

There is not a better repair plant in the State and with the new force and energy added, these young men should make even a better success than I have made of the business. I am selling out because of too much other business and my inability to give the proper attention to either.

I wish to thank those that have given me their business and ask that they continue with the new management, as I am sure they will be highly pleased.

The same lines of tires will be handled, and since I am going out, I can say that in my estimation they are the best for the money to be had on the market.

I am going to devote my time to my REAL ESTATE, LOANS, and INSURANCE BUSINESS and those having lands to sell or wish to buy, should see me promptly. I shall retain my office at the Tire Store as before.

## ADVERTISE FOR PARDONS

The Pardon Board of South Carolina has suggested to Governor Cooper that he issue regulations requiring that every application for a pardon shall be advertised two weeks before the board meets in a newspaper in the county where the crime was committed. This follows the custom now in vogue in North Carolina, and other states.

The idea is that people in a community where a crime has been committed should have a right to speak in opposition to a pardon if they so desire, and these folk can bring out the hideous and worst part of the crime, whereas as it now proceeds only the friends of the convicted criminal is heard. Many citizens sign petitions for almost any thing and that is the way pardons are hunted these days.

## IF BACK HURTS

## BEGIN ON SALTS

Flush Your Kidneys Occasionally if You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about 4 ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; make a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## WHAT'S AILING US THESE DAYS?

Too many diamonds and not enough alarm clocks.

Too many silk shirts and not enough flannel ones.

Too many pointed-toed shoes and not enough square-toed ones.

Too many serge suits and not enough overalls.

Too much décollete and not enough aprons.

Too many satin-upholstered limousines and not enough cows.

Too many customers and not enough producers.

Too much oil stock and not enough savings accounts.

Too much envy of the results of hard work and too little desire to emulate it.

Too many desiring short cuts to wealth and too few willing to pay the price.

Too much of the spirit of "get while the getting is good" and not enough old-fashioned Christianity.

Too much discontent that vents itself in mere complaining and too little real effort to remedy conditions.

Too much class consciousness and too little common democracy and love of humanity.—From The Shop Mark, House Organ of the Berkey & Gay furniture Company, Grand Rapids.

## WATER WORKS MAN GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite

is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."
